***Scene of accident*** Saturday noon in which two men were killed and four Arlington Heights persons injured. Lying in foreground is Martha Collins, who suffered a wrenched back. An unidentified doctor is tying bandage on Walter Goebbert, who sustained a bad cut on his head. Goebbert is stooping beside Capt. Kenneth Johnson, who was killed. Goebbert and Miss Collins reside in Arlington Heights. The accident occurred at the intersection of Rt. 62 and Rt. 53.

## Two Killed at Routes 53 and 62; Four Arlington People Injured

A Lansing, Mich., salesman and an army dentist were killed, a four year old boy critically injured and three other Arlington Heights persons received injuries that required hospitalization in the accident which occurred Saturday noon at the intersection of Routes 53 and 62 (Rohlwing and Algonquin rds.), three miles southeast of Palatine.

The dead are Raymond S. Osbun, 63, of Lansing, Mich., and Capt. Kenneth Johnson of Helena, Mont. Johnson was an army dentist, stationed at Rapid City, S. Dak. air force base.

The most seriously injured is Michael Wells, 4. Also injured were his brother, Paul, 3, and his aunt, Miss Martha Collins, 18, 759 Belmont st., Arlington Hts. They were riding in a car being driven by Walter Goebbert, Jr., 20, also of Arlington Heights. The children injured are sons of Pat Wells of Arlington Heights.

The story of the accident was told state officers by Lyle Walker, employed by Dealer's Transport Co. of Chicago. He said that traveling south, he had come to a stop because of the stop sign. He made an effort to signal southbound Osbun who gave no indication he intended to stop. The Osbun car, a Plymouth, struck the side of the westbound Nash with a terrific impact.

**STATE OFFICERS** W. Maloney and M. Sopchyk, called to the scene, probably saved the life of Michael Wells. In place of waiting the arrival of the ambulance, the officers, conferring with a doctor, decided to take the two boys to Sherman hospital, Elgin.

While his partner remained on the scene, Officer Maloney placed the two youngsters in the squad car, pressed into service a spectator, and started for Elgin. He radioed ahead, was met by Elgin police and as the car reached the hospital, an oxygen mask was clamped over the face of Michael, who had lost a lot of blood. Within a few moments the boy was in an oxygen tent and is apparently recovering.

The two men were alive when they arrived at St. Joseph's hospital, but Osbun died at 2 o'clock and Johnson at 5 o'clock. Osbun was married. His wife, arrived in Arlington Heights, coming by plane from Michigan, Saturday evening.

**WALTER GOEBBERT,** recently discharged from the army, had entertained Capt. Johnson the past two weeks. They were stationed at the same camp in Montana. Walter, who expected to be best man at the marriage of Pat Wells that evening, was on his way to Ringwood to bring the bride's grandmother to the wedding.

Arlington Fender and Body shop cleared the wreckage. The Nash, owned by Miss Collins' father, Paul Collins, was a total loss.

## Mr. and Mrs. Hughes Sail For Greece; Will Train Ag Students

Mr. and Mrs. C. A. Hughes of Platka, Florida, formerly of Arlington Heights, stopped in town last week to say goodbye to friends before sailing for Greece, where they will spend the next nine months while Mr. Hughes teaches in two universities there.

Hughes, former Cook county farm adviser, will train senior agriculture students to be county agents in Greece. He will teach at the University of Salonika and the University of Athens, under the Fulbright technical education program.

At present there are four or five American county agents working in Greece, and Hughes hopes to train Greek students to replace these men.

The Hughes sailed Wednesday from New York on the Constitution.

## High School Has New Library For Students

Faced with the problem of adequate library facilities, the board of education of Arlington Heights high school has converted the room formerly used as a cafeteria into a modern and well equipped library. Miss Mildred Bopp and Mrs. Irmgard Graham, librarians, with the help of fifteen students, who will act as assistants, will offer a much improved library service to students.

The library will seat 160 in the main reading room and 32 in the conference room. In addition, there will be a reading room. The kitchen has been remodeled into an office for librarians and will also serve as a storage space and workshop. The old storage room will be used as a magazine room. Copies of magazines which are popular will be kept on file for reference purposes for several years.

**THERE IS ROOM** for 9,500 books on the present stacks and room is available for future expansion. The library has approximately 5,000 volumes. Planning for the new library has been going on for the past three years but its completion was not possible until a larger cafeteria became available in the new addition.

The library is almost 100% Arlington Heights planned and equipped. The architect is Walter Kroeber. The lumber for the stacks was purchased by S & S Millworkers from Douglas Smith of 630 Beverley Line; the millwork was done by S & S Woodworkers, finishing and decorating by Gus Schaefter, tile floors by the Schiller Rug and Carpet Co., bulletin boards by E. W. A. Rowles, seating and tables by Arlington Seating Co., lighting and fixtures by Dreyer Electric Co., carpentry work by Richard Boeger, formica top for charging desk by Syverson Sink Craft Co., and the custom furniture by Paul Neuses.

## City Directory Girls To Contact All Residents

Arlington Heights Chamber of Commerce will issue a city directory this fall. Its completeness will depend in part on the cooperation being given the young ladies who will gather the needed information so as to properly list every resident.

The inclusion of occupation is necessary as an aid to strangers and local people. There are so many families with the same surname, occupation of the head of the house is important.

## $5,000 Is First Step Toward Parking Lot

Arlington Heights village board will pass its annual tax levy next Tuesday night. That body has not received any definite parking suggestions from the local business men, but it is including in its levy a $5,000 for the purchase of parking lot.

It is understood that the special committee appointed by the business men has found their job is larger than they originally expected and has not yet anything definite to report.

However, word of the Stanton & Rockwell parking plan, as has been endorsed by Paddock Publications, has reached Altadena, Calif. Ida B. Sieburg who owns some of the property that would necessarily be condemned, has written Mayor Goedke, saying in part:

"I read that Arlington is working for a downtown public parking place. Wonder how close to realization you folks really are? If Arlington plans for the future, make it big enough. The whole block should go in. Then you're done.

"Those commuters would pay steady parking charge in certain stalls, if I had the say. They live outside the corporation for cheap taxes and expect we property owners who pay heavy taxes should furnish them free parking?

"Barring calamities my property on S. Dunton will stand another 75 years if they let it — long after Paddock is gone and forgotten.

"Can't see why all the condemnation talk . . . If they want my property for public convenience, let the public pay for it. Taxpayers! Let us definitely have equality and fair deal for all of us who sell.

"Let the Chamber of Commerce or whoever is working on the project read this and advise me of their plans; otherwise I will make some improvement."

## Bus Lease Requires Purchase of Plates by Arlington High School

In response to a complaint made by an Arlington Heights business man the state highway department visited Arlington Heights this week, notifying the high school that the use of "M" license plates on buses leased to the school, was questionable.

It seems that the high school board entered into a contract for the lease of the buses and another contract with the firm which will operate the vehicles.

The operation contract provided that the school should obtain the state plates under the assumption that the school would be entitled under such contract to "M" plates costing only $2, in place of plates costing over a hundred dollars.

Application for the "M" plates with copy of lease contract were sent to Springfield and the plates were received and attached to the buses.

A conference will be held Saturday in the state office before an assistant secretary of state to decide the matter. It appears that the school will be required to buy the higher priced plates.

Enrollment at the high school Wednesday had passed the 1150 mark.

## Ronald Bradley Appointed Elk Grove Highway Commissioner

Ronald Bradley, son of the late Fred J. Bradley, was recently appointed by Elk Grove town board to his father's position as highway commissioner. Ronald has had a lot of experience with heavy road machinery, is a good machinist and the board members felt they could not appoint a better man.

The township still has about 20 miles under its jurisdiction, which is a lot when snow storms are around. That work may be somewhat hampered this year by the protests made by some tax payers.

## Dunton to Continue as One-Way Street

The Arlington Heights village board Monday night gave its consent to keep the newly improved section of S. Dunton ave. a one way street.

It is felt that better parking facilities would result from this section, as well as helping to prevent a bottleneck of traffic at the intersection of Dunton and Campbell. Diagonal parking will be permitted on both sides of the street, except on the east side from the corner of Davis st. to the south end of the Jewel parking lot, which will be kept for parallel parking.

**A REQUEST** made by Merle Guild Post American Legion to hold its annual carnival next year, June 30 to July 5, on Douglas ave., adjacent to Recreation Park, has been held up for consideration of the board.

The Park Board has intimated to several members of the village board that it desires to stop organizations from holding their carnivals on park property. Reasons given include damage to park property and the tieing up of the regular park recreation program, which has to give up part of its space for carnival displays.

## 2 Palatine Boys Drown in Pond When Homemade Raft Collapses

Two Palatine boys, 7 and 11 years old, were drowned Thursday afternoon in a pond on the Jack Deynzer farm, Quintens rd. and Northwest highway, north of Palatine.

Efforts of Harold Stephan, 22, and the inhalator squad of Palatine fire department to revive the boys failed.

**THE BOYS** were Robert Saville, 7, son of Mr. and Mrs. Earl Saville, of Glencoe rd., and William Matzke, 11, son of Mr. and Mrs. William Matzke, of Hill rd., both residing in the neighborhood, about a half mile from the scene of the drowning.

The accident was partially witnessed by Glen Peterson, 13, Quintens rd., and Douglas DeBerg, 12, 659 N. Franklin. Glen testified at the inquest Saturday that he and his companion, when they first arrived at the pond, saw the boys wringing out their shirts after having fallen into the water.

As Matzke boarded a raft composed of two heavy timbers and a few boards, Glen and Douglas walked around the pond. Upon reaching the opposite side they heard a cry for help. The raft had broken apart. The younger boy had disappeared. They saw only the hands of the other.

Glen and Douglas ran to the Deynzer home, where Mrs. Deynzer was told that two boys were drowning in their pond. She directed them to Mr. Deynzer, who was in the restaurant.

The boys had hardly begun their story before an employee, Harold Stephan, called one of the boys to follow him and ran to the pond. Deynzer immediately asked the telephone operator to notify the fire department and ask for an inhalator. Orville Helms received the call and with two inhalators started for the Deynzer home where Deynzer had opened gates and directed the firemen to the pond.

**STEPHAN,** reaching the scene, plunged into the pond and was able to pull Matzke out of the water. There was no evidence of the other boy. Stephan started artificial respiration, continuing it until the arrival of the firemen. Dr. C. D. Starck, also called to the scene, pronounced the boy dead 45 minutes later.

In the meantime, Norman Beckman, a forest ranger, arrived with a rubber raft, a boat and grappling hooks. The other body was recovered about an hour after the accident.

The father of William testified that the woods along the abandoned right-of-way of the Palatine-Wauconda railroad had become an attraction to young people, who frequently played in that area. A creek in the woods led to the pond. Mr. Matzke did not learn of the accident until his arrival home at five o'clock.

The story of Earl E. Saville was practically the same as the other father. Both had since visited the pond, finding that the boys had crawled through a barbed wire fence to reach the pond.

Deynzer told the coroner that the pond had been constructed by him about five years ago, primarily for fish. The timbers had been taken there for a pier. He estimated that the pond was eight feet deep in the center. A creek that flowed constantly, ran through his farm and supplied the water for the pond, which in turn subsequently drained into Salt Creek.

Two large warning signs had originally been erected. In addition he regularly posted his farm against trespassers.

**OFFICER JOE** Ludtke of the sheriff police, who with his partner, Roy Rissling, answered the police call, told of the manner in which his department and Chief Frank X. Meyer of Palatine, handled the call.

A verdict of asphyxiation by drowning was the verdict given by the coroner's jury, which also recommended that the pond be drained or filled in. Members of the jury were: John Nelson, Carl Stollstorf, John Seip, Charles Moore, Lee Boston and Rudy Zeller.

Both boys were pupils of Palatine Lutheran school.

A double funeral of the two boys was held Sunday afternoon at Palatine Immanuel Lutheran church, Rev. Wilbur Koester officiating. Interment was in Memory Gardens, Arlington Heights.

William was born July 9, 1951. He leaves in addition to his parents one sister, Mary Ann, 3.

Robert, born June 4, 1945, leaves his parents and three sisters, Jeanne, Pamela and Patricia.

## 'Boys' Enjoy Hospitality At Lake Geneva

A half-dozen Arlington Heights businessmen may have had to do some tall explaining to their wives at 5:30 last Thursday morning, but as one of the boys said, whose wife was on vacation, "We certainly had a grand time."

Henry Kehe, now in the Evanston hospital, has always been a member of the group, the members of which, in turn play host once every year. He was called from Lake Geneva, on the phone and everyone of those in attendance had the opportunity to tell him on his hospital bed how much they missed him.

**THIS YEAR'S** event was held at Lake Geneva. When rain prevented golf, the boys repaired to the home of Mr. and Mrs. Clarke Habecker, where cocktails were enjoyed. Regardless as to whether the story of the boys agree on the events later in the evening, all are in accord that the Habecker's are wonderful hosts.

It was at a meeting of the Piper breakfast club Wednesday morning that a reporter got an "earful." He accepted the dare of the coffee drinkers that their tales would appear in print and here are a few of them.

The evening at Lake Geneva really started with a steak dinner at a Lake Geneva swank joint with music by a name orchestra.

Fred Jasper, Oscar Johnson and Barney Erickson, as members of a local barbershop quartet, under duress of the other Arlington boys, attempted some of those renowned barber shop songs. They lacked a leader, but as Walter Krause says, "The singing might not have been up to par, but we made a lot of noise."

Nicholas M. Lattof, Herman Hahn and Robert Malcom are taking a lot of ribbing since that evening because they left the others in time to arrive home by midnight.

**FRED JASPER,** Richard Black, Oscar Johnson, Barney Erickson and Jack Flaherty may not have arrived home until near daylight, but they are putting all the blame on Jasper, whose watch stopped at 12:30. It was several hours later that the watch was corrected.

The "middle of the roaders" who checked in at their homes about 2:30 were Walter Krause, Forrest Davis, Red Harris and Carl Skoog.

One of the boys boasted Wednesday morning that his wife did not have a complaint. Everyone but the speaker knew he was lying, because his better half was one of two wives who sat up all night waiting for their erring husbands to come home. They certainly greeted them with something more than kisses, says Red Harris.

(Note: If any of you boys do not like this story, put the blame on the fellow who claimed Wednesday morning that Paddock Publications censored juicy stories.)

## Project Winner After 12 Months Of Negotiations

The ordinance calling for the rezoning of parts of lots D, G, and H, in the Kirchhoff subdivision, Arlington Heights, from residential classification to that of light industrial, was passed by the village board Monday night by a vote of 4-1. The no vote was cast by Trustee David Zimmerman. Trustee William Luehring was absent.

Passage of this ordinance gives the "green light" to Roth manufacturing company, which desires to erect a new plant on the site. The company manufactures transportation heating and control systems.

A motion for a stay of proceedings filed by Attorney Robert Bremmer in behalf of his client, F. Cusack, was denied by Judge Boden Monday morning on the grounds of insufficient evidence. Cusack owns a portion of the Mount Prospect property directly east of the site and is developing it for residential purposes.

The area rezoned is bound by Chicago and North Western railroad tracks on the north, the proposed Tri-State highway right-of-way on the west and Central rd. on the south.

Within 24 hours after the last obstacle had been hurdled the company directed its architects and engineers to proceed with the necessary profile drawings and estimates.

Construction of the steel work is necessarily delayed because of time involved in obtaining steel, but they expect to break ground this fall.

## Arlington Heights New Post Office Building Is *Rejected by Village*

Although the proposed lot for Arlington Heights post office building has been cleared of trees, actual construction can not be started until the plans are revised.

The architectural committee has rejected the plans, because of the appearance, and the building committee has rejected the plans because of insufficient parking facilities, and lack of adequate exits.

The building, 45x78 feet, is to be built upon a lot 60x132 which will leave a parking area for employee cars and operation of mail trucks, 54x60 feet, in one corner of which will be an outside cement loading platform. The property is west of the A&P store on Campbell street.

Provision is made for a 15 ft. driveway. A corner entrance will open into a lobby, 15x20 feet. Plans call for face brick on the front, common brick for the balance.

## Tax Protests Deprive Public Bodies of Many Thousands

More than one school district and a number of other taxing bodies will be forced to pay a substantial amount in interest on tax anticipation warrants before the end of the fiscal year.

Local tax collectors received statements this week telling them the amounts that must be withheld from payments due local taxing bodies because of objections to tax rates as evidenced by rate tax protests. Valuation protests have all been heard, although some of the protestors have not yet received corrected bills.

**MT. PROSPECT** school district 57 is hit to the tune of $29,800. The village of Arlington Heights is second with $19,000.

Arlington Heights school district No. 25 has a clean slate, and will receive all of its funds. Arlington Heights high school will miss $11,700, Palatine high school $9,700, Palatine elementary school $9,500.

For some reason, Arlington Heights Park district will have deducted $3,900 from current collections.

**LOCAL COLLECTORS** say that they do not expect to collect in some instances the amounts they have been ordered to withhold, which means the taxing bodies in such cases will receive nothing.

Many farmers of Elk Grove township turned thumbs down on payment of road and bridge tax with the result that $1,000 will be withheld.

This is not all of the bad news. The larger share of personal property taxes assessed against individuals will never be paid.

Amounts ordered withheld:

| | |
|---|---|
| **Palatine** | |
| Palatine high school | $ 9,700 |
| District 15 | 9,500 |
| Village of Palatine | 3,300 |
| Town of Palatine | 1,000 |
| Township poor relief | 900 |
| Palatine park district | 300 |
| Palatine rural park dist. | 100 |
| Total | $24,800 |
| **Wheeling Township** | |
| Road and Bridge | $ 100 |
| Arlington Heights | 19,000 |
| Mount Prospect | 900 |
| School Dist. No. 57 | 8,800 |
| High School | 8,600 |
| Park District | 3,900 |
| Total | $41,300 |
| **Elk Grove Township** | |
| Town road and bridge | $ 1,000 |
| Vil. of Arlington Heights | 100 |
| Village of Mt. Prospect | 2,000 |
| Mt. Pros. road and bridge | 400 |
| School Dist. 25 | 1,000 |
| Arl. Hts. high school | 3,100 |
| School district No. 57 | 21,000 |
| Total | $28,600 |

Possible lawyers' fees may result in some of the taxing bodies refraining from fighting their cases.

## Heights Lions Ask Secrecy in Primary Voting

Arlington Heights Lions favor the same secrecy in primary voting as exists at regular elections. To that end a resolution was passed at its last meeting asking that the state legislature adopt an amendment to existing primary law that will provide that secrecy.

**COPIES OF THE** resolution were sent to all members of the state legislature representing this district, to Lions International magazine, to Governor Stevenson and the secretary of state.

A letter accompanying the resolution calls attention to the fact that Arlington Heights Lions club is composed of 135 business and professional men who favor a change in the existing primary laws so that each voter will be able to cast his vote at primary elections in the same manner as at the general elections.

The resolution reads in part as follows:

**RESOLUTION**

WHEREAS, one of the objects of a Lions Club as set forth in the Standard Form Constitution and By-Laws is "To promote the theory and practice of the principles of good government and good citizenship" and,

WHEREAS, citizens of the State of Illinois are by virtue of the existing primary election laws of the State of Illinois required to declare their political party affiliations in the primary elections and,

WHEREAS, by virtue of business, social and fraternal considerations such public declaration of political party affiliations often proves embarrassing to the majority of the citizens of the State of Illinois, thereby causing many citizens of the State of Illinois to refrain from voting in primary elections and thereby intentionally disfranchising themselves, and,

WHEREAS, a primary election that freed the voter from publicly declaring his political party affiliations would induce greater participation of the electorate in the selection of public officials and,

WHEREAS, other states in the United States and notably the State of Wisconsin have recognized the need for encouraging greater participation of the electorate in primary elections and have, therefore, enacted primary election laws that clothe the party affiliations of the voter with secrecy, now, therefore,

BE IT RESOLVED, that this convention of District 1 of the International Association of Lions Club recommends to the Legislature of the State of Illinois that the existing primary laws of the State of Illinois be amended to clothe with secrecy the political party affiliation of the voters therein.

## Arlington Boy Under Observation for Suspected Polio

One suspected polio case has been reported in Arlington Heights this week. It is Raymond Hickman, 11, son of Mr. and Mrs. Raymond Hickman, 1004 W. Euclid.

Raymond was taken to Evanston hospital Sunday, where doctors could not definitely diagnose his symptoms as polio, though he has stiffness in his leg, neck, back and arms. It will take seven to ten days before they can be certain.

Dr. Hall of the Cook county health department said that since last Friday there have been 25 new cases of polio reported in the suburban Cook county area, but they are spread over 20 communities, which means there is no serious epidemic in any one village.

There have been three cases in Northbrook since August 1. The first was Mrs. Katharine O'Brien, who is still confined to Highwood hospital. Her daughter, Peggy, 5, also contracted the disease, but has a mild case and is being treated at home. Pegeen Gabonski, 3, is the latest victim. She was admitted to Evanston hospital August 24, and is reported to have a mild case.

## Tax Deadline is Here

The deadline for the payment of the second installment of the 1951 real estate taxes is at hand. The offices of the local collectors close Saturday at 2 p. m. with the close of banking hours.

Penalty date is September first and any bills not paid to the township collectors before the close of business Saturday will have to be paid at the county office in Chicago.

The largest amount of money in history is being withheld from the taxing bodies of the county this year to protect tax rate protests.

With this condition existing, the taxing units join with the local collectors in asking all taxpayers to beat the deadline so that the taxing units may receive as much as possible out of their second collections.

There is only a few hours left. If your second installment isn't paid, act at once.

## Inducted into Army

Two more Arlington Heights men were inducted into the army August 20. They are Ronald Obermann and Raymond Wilke, both of whom are at Ft. Sheridan awaiting assignments.

## Population Increase Forces 20 Polling Places in Wheeling Twp.

Cook county election machinery is preparing for a huge vote in November and has increased voting precincts in Wheeling township to twenty. Addition of the new precincts is largely due to the Wm. Trude development in the southern part of the village and the new homes in Eastwood, Eastwood Terrace and Tru-Craft development.

Precinct No. 5 which included residents south of the railroad, between Chestnut and Dunton, has been cut in two at the extension of George st. The south half will be kown as number 19

Precinct No. 9, north of the tracks, which formerly extended from Belmont to the eastern end of the village, now stops at Beverley Lane. The remainder is now precinct number 20. Residents of the newly formed precincts will receive notices from the office of the county clerk.

**THE WHEELING** township Republican club, in a release issued this week by Isabelle Koenig, advises voters that they have until Sept. 15 to register with local township and village clerks. After that date they can only register with the county clerk, except that an open registration will be held Oct. 7 in all voting precincts. The registration lists will be canvassed Oct. 8.

Mrs. Koenig says that barely half of the registered voters throughout the nation cast ballots in 1948. Members of Wheeling Township Republican club are determined that it will be a different story in their township this fall.

It is the plan of the club to send a card to new residents on or before Sept. 1, with information regarding the location of their precincts.

Requirements of registration may be an old story, but many people are asking that question every year. A voter must be 21 years of age, have lived in the precinct 30 days; in the county 90 days, and in the state one year.

A new registration is required if a voter has moved to Cook county from any part of Illinois or from another part of Cook county that may be under the jurisdiction of the election commissioners, such as Chicago, Chicago Heights, Harvey, Berwyn, Cicero, Elmwood Park, Lyons, Morton Grove, Summit and Stickney.

Coming here from any other part of the county, a transfer is necessary, even if you move from some other precinct within the village.

"The Wheeling Township Regular Republican club," says Mrs. Koenig, "asks voters to remember that a vote you don't cast is a vote for everything you're against."

## Tri-City Amateur Golf Tournament at Mt. Prospect Sept. 20-21

Tri-City amateur golf tournament is being planned for September 20-21 at Mt. Prospect country club, according to manager Bob Sophie. The tourney, open to men golfers of the area, will include 18 hole rounds each day, starting at 12:30 with entry fee of $7.50 covering green fees and other expenses.

First round Saturday will qualify all golfers in three classes, A, B, C, for championship round Sunday with prizes and trophies to be awarded in each class. The meet will be a no handicap affair.

Entries can be mailed in to the Mt. Prospect country club with payment, with a deadline of Wednesday, September 17, set by tournament manager Bob Sophie.

**Moving**

Mr. and Mrs. Paul Shave and their three children of 736 N. Harvard ave. are moving to their new ranch home in Malwaukee, Wis., this week end.

The W. S. Harwood family of 1212 W. Northwest hwy. also are making their home in Milwaukee, Wis. They moved from the community Monday.

**On Leave**

Ensign Bob Blackburn, who is stationed at Norfolk, Va., spent the week end with his parents, Mr. and Mrs. Robert Blackburn. Monday he flew to Yankton, S. Dak., where he will visit friends.

**Return From Vacations**

Mr. and Mrs. Morgan Alden and their son, Chuck, returned Sunday from a ten-day vacation spent at the Canadian Border lodge in Ely, Minn. While there, Chuck took a side trip up into Canada in a canoe and caught some good size fish.

The Leonard Garashas just returned from a two weeks' trip to heavily wooded Pokagon State Park in Angola, Mich. Their time was mainly occupied with swimming, boating and fishing as well as other sports afforded by the Pottowatomie Inn.

Mr. and Mrs. Carl Schlomann and family recently came home after spending four days in Sullivan, Mo., visiting her cousin and family, Mr. and Mrs. Erich Jank.

Mr. and Mrs. William Frost and son, Bill, returned Saturday from a week of golfing and swimming at Lake Lawn.

The Roy Palmer family returned after a week's visit with her parents, Mr. and Mrs. George Archibald of Peoria, Ill.

Mr. and Mrs. Ernest Ross and their two sons, Bobby and Jerry, returned last week from Corey Lake in Three Rivers, Mich. They were gone ten days.

**Birthday Celebration**

Jimmy Sider celebrated his fourth birthday Tuesday afternoon with a small gathering of friends and relatives. Those attending were his grandmother, Mrs. Nick Tischer, his aunt, Mrs. Paul Wulbecker and her two children, Linda and Michael, Donna Balfour, Suzanne Sarvana and Allen Hubbard. He is the son of Mr. and Mrs. Arnold Sider.

Mrs. William Stacey's mother, Mrs. Harry Webb of Springfield, Tenn., is spending two weeks with the family.

Visiting at the William L. Johnson home this week are Mr. and Mrs. Herman Peterson of Council Bluffs, Ia.

Mrs. Wayne Sarvana and daughter, Suzanne, spent two days in Chicago last week visiting her parents, Mr. and Mrs. Antone Rigoni, and sister, Mrs. A. J. Munin.

**Attend Christening**

Sunday Mrs. William Groh will be godmother at the christening of her one-month old nephew Wayne Ray Miczek at St. Philomena church in Chicago. After the ceremony a family dinner will be held at the home of the parents, Mr. and Mrs. Walter Miczek.

**Out-of-town Guests**

The R. M. Skallerup family entertained Mr. and Mrs. E. F. Joehrendt of Beloit, Wis., over the week end.

Guests of the William Staceys the week end of August 16 were Mr. and Mrs. Fay Stacey and their three children and Mrs. Helen McKinley all of Kalamazoo, Mich. The following Monday evening they entertained Mr. and Mrs. Charles Neuser of LaCrosse, Wis.

Wednesday Mr. and Mrs. Don File and children, Tommy and Donna, of Detroit, Mich., were guests of the Wayne Sarvana home overnight.

**Family Reunion**

The Walter Straits motored to the home of Mr. and Mrs. Albert Suhrestedt in Frankfort, Ill., Saturday to attend a family reunion dinner. It was the first time in five years that all of the Toucha family were together.

## CIRCLING THE TOWN
BY PHYLLIS KNIGHT

School days are upon us again, what with high school starting next week and public grade schools the Monday following.

Teachers at the local high school have started the ball rolling with their workshop this week, preparing for the year's work. And freshmen will be the first students on the scene when they appear for orientation next Tuesday morning. They'll be "spoken to" by faculty and upperclassmen, outfitted with books and lockers and will go through their day's schedule in shortened form twice. When the upperclassmen assemble for the first full day of school Wednesday, the freshmen will be ready to join in all the activities—and will have solved the problem of how to find their way around.

Members of the teaching staffs of the grade schools will hold their workshop the four days following Labor day and will greet their students the next Monday.

The new Dryden place school is expected to be ready for occupancy, and with this neighborhood school a greater number of pupils will be within walking and going - home - for - lunch distance from their studies. When the Arlington Ridge building is finished in another year, still more boys and girls will be in the advantageous position of being quite close to school. Those who will still be in the area from which North and South school students will be drawn will thus almost entirely be living near their schools, too.

Teachers are not the only adults planning for the opening of the term — parents, it seems, have just about as much on their minds. There is, for instance, the question—vital in their children's minds—of the right clothes and the right supplies. While parents are apt to consider these things decidedly secondary, the youngsters do not. The boy in a suit is out of place in a classroom full of blue jeaned - contemporaries, and the child with the brief case may not like the comparison with his friends who might prefer a single notebook.

Getting ready for school is a time-consuming pursuit, for the teachers, the parents and the children.

**Youth Will Be Served**

A group of young men of the community will be honored tonight, Thursday, at a dinner given by the Merle Guild Post 208 the American Legion at the Lutheran school.

Primarily for members of the American Legion-George C. Poole sponsored boys baseball team which advanced to the county finals in second round competition this summer, the dinner will also honor boys who represented Arlington Heights at Boys' state and a winner of a legion district essay contest.

Rip Collins, former big league baseball star will address the group, which will also include dads of the boys attending, civic leaders, Legion members and school people especially interested in these individual boys.

# Sidelights of Arlington Heights

**European trip**

Mr. and Mrs. Lawrence J. Dahlgren have returned from a six week tour of Europe. They left here June 28 and sailed from New York July 3 on the S.S. Stockholm and arrived in Europe July 11. They motored through Norway, Sweden and Denmark and then flew to Switzerland, France and England. Mrs. Dahlgren said that she felt the cost of living on the continent was as high if not higher than in the United States. They returned to Arlington Heights August 16.

**Vacationers**

Mr. and Mrs. William Youngquist and family of 112 Windsor dr. have just returned from a five week vacation at the home of Mrs. Youngquist's parents, the Walter Brandts of Los Angeles, Cal. One of the outstanding events which took place during their stay was the marriage of Mrs. Youngquist's brother, William Jeans Brandt, ot Miss Mayflower Day. Miss Day was graduated from the University of California and is presently studying for her master's degree in English literature. She is the daughter of Mr. and Mrs. Samuel Day of Tidewater, Va., and her father is the former counselor of economic affairs to the American Embassy in New Delhi, India. Mr. Brandt, after serving five years as a lieutenant in the army air corps in the United States and Europe, was graduated from UCLA and later received his master's degree from the University of California. At present he is working for his Ph. D. in English literature.

Rev. and Mrs. C. Victor Brown and family returned from their summer vacation last Thursday.

The Misses Celia and Lydia Hausam are vacationing in Florida.

The D. W. Helts are enjoying a month's vacation in California.

The Misses Ella and Emma Garms spent several days of their vacation at Watertown, Wis., visiting their niece, Mrs. Wallace Tinberg, and her family. They also attended the Wisconsin State fair in Milwaukee.

Mrs. Stanley Myers and her children, Warren and Marsha, and her parents, Mr. and Mrs. Warren Leake of Amboy, Ill., spent three weeks touring the west coast. They stopped at Carlsbad Caverns, Las Vegas, the Grand Canyon, and Salt Lake City enroute.

Mr. and Mrs. Ralph G. Carbour Sr. and son, Bert, have returned from a week's vacation at Indian Lake, Bristol, Ind. Bert Carbour has spent five weeks studying surveying this summer at school in Blackduck, Minn.

The Clifton Hesness family is spending this week vacationing in Wisconsin.

Mr. and Mrs. Harold Stoffel anl son, Mickey, Roger Simon and Kenny Helfers are spending several days in Springfield, Ill., this week.

Mr. and Mrs. Richard Mates and family have just returned from a three week vacation at St. Joseph Island in Ontario, Canada.

**Week-end trip**

Mr. and Mrs. Alfred Jasper and Dr. and Mrs. Paul C. Geisel spent the week end at Lake Beulah, near East Troy, Wis.

**Visit here**

Mrs. Emma Noerr of Richmond, Cal., and Mrs. Amanda Crohn of Chicago visited the Christ Dettmann family last week.

Miss Muriel Minton of Ardmore, Pa., is visiting the W. B. Flanigin family this week. Miss Minton and Mrs. Flanigin are cousins.

Mr. and Mrs. A. N. Angel and daughter, Karen Sue, of Evansville, Ind., visited the William Grismer Jr. family for several days this week. Mrs. Grismer and Mrs. Angel are sisters.

**Week-end plans**

The Victor Bedingfields and family plan to spend Labor day visiting friends in Lake Geneva. They will spend Sunday visiting friends in Midlothian, Ill.

**Return home**

Mrs. M. Dettmann and graud-daughter, Patricia Ann, returned home last week from a seven week visit with Mrs. Dettmann's daughter, Ginger, in Hoxsie, R. I.

Marvin Prellberg has returned from six weeks' intensive training at ROTC summer camp at Ft. Benning, Ga. His brother, Ronnie, is on vacation at Eagle River after working this summer at Cuneo Press.

Miss Nita Glow, daughter of Mr. and Mrs. George Glow, returned home from Colorado where she had been working for Frontier Air Lines.

**Celebrate anniversary**

Mrs. J. Edward Middleton flew to Columbus, Ohio, with her husband, who went to Ohio State university on business last week. While there, the Middletons also celebrated their twentieth wedding anniversary.

**Celebrate birthdays**

Ronald Reese, son of Mr. and Mrs. Werner Reese, celebrated his eighth birthday August 18 at a picnic birthday party at Deer Grove. Twelve of his friends enjoyed roasting hot dogs and playing games in the afternoon.

Mr. and Mrs. Julius Vogel and Mr. and Mrs. Donald Vogel, both of Arlington Heights, attended the surprise birthday party held recently in honor of Adam Fritz of Lake Zurich. Also present were Mr. Fritz' mother, brother and sister, all of Chicago. Mrs. Adam Fritz is the former Evelyn Vogel.

Donald Sass, son of Mr. and Mrs. Ralph Sass, celebrated his eighth birthday Saturday afternoon when 10 of his friends enjoyed lunch followed by games at his home. Supper guests Saturday evening in honor of his birthday were Mr. and Mrs. Edwin Niemeyer and daughter, Shirley, and his maternal grandparents, Mr. and Mrs. Herman Piepenbrink. Donald's paternal grandparents, Mr. and Mrs. A. K. Sass of Chicago, and Mr. and Mrs. Rudy Schaeffer and daughter, Susan, and infant son, Henry, of Prospect Heights were Sunday dinner guests.

**Entertain**

Sunday dinner guests at the Victor Bedingfield home were Mr. and Mrs. Clifford Bedingfield and family of Oak Park.

Mr. and Mrs. William Luettschwager entertained at a barbecue Sunday afternoon for 30 friends. The barbecue was given in honor of the Luettschwagers' son, Wallace, who recently returned from Korea, and in honor of Walter Japp's birthday.

Mr. and Mrs. Myron Blum will entertain their pinochle club Saturday night.

**Guests**

Mr. and Mrs. Wilbert Grandt were dinner guests of Mr. and Mrs. Bernard Crumpton of Chicago Saturday evening.

**Visit away**

Mr. and Mrs. Arthur A. Bentz went to Milwaukee last Tuesday to visit their daughter and her family, Mr. and Mrs. Richard Siglinsky and daughter, Judy.

**Move**

Jack Moodie and his family have moved to their new home at 416 W. Willow ave.

Mr. and Mrs. William Griffith, who had been living on N. State rd., have moved to 109 S. Emerson, Mount Prospect.

**To attend wedding**

Mr. and Mrs. John A. Lindstrom will leave Tuesday for Granville, Ohio, where they will take part in the wedding of Mrs. Lindstrom's sister September 6.

**Return from camping**

Judy Schroeder, daughter of Mr. and Mrs. William Schroeder of Arlington and Mr. and Mrs. George Votava and daughter, Joanne, of Mount Prospect have returned from a camping trip in upper Michigan.

**Resume classes**

Mrs. Minnie Barnum, will resume her piano classes September 6.

**Recuperating**

Walter Dill is home from Rockford Memorial hospital where he underwent an appendectomy operation.

Mrs. Clyde Emrick returned to the hospital and is now recuperating at home.

Mrs. Frances Rahn is home from Evanston hospital where she went for observation.

**Sympathy**

Sincere sympathy is extended to Mrs. James Rickards whose mother died recently.

**Killed in auto accident**

Mrs. Chester Laughlin, wife of a former pastor of the First Methodist church, was killed in an automobile accident while returning from the general conference of the Methodist church held in San Francisco.

## Arlington Airport Man Arrested for Robbery And Attempted Rape

James Rapp, 20, who told Chicago police that he resided in the Arlington Airport trailer camp was arrested Sunday after being chased by irate citizens and police.

Mrs. Kathryn Dawe, 55, wife of a Methodist minister, told police that she was waiting for a North Western train at 4532 N. Ravenswood when Rapp appeared at her side, knocked her down, pressed a knife to her abdomen and threatened to kill her if she screamed. Mrs. Dawe said that the man then exposed himself. She screamed in spite of his warning. The man grabbed her purse and ran.

Mrs. Dawe followed her assailant, screaming, which attracted passersby and ultimately resulted in his capture.

Raap was taken to the boys' court Wednesday morning.

by MRS. CHARLES KULE

Arthur Meeker, author of the popular "Prairie Avenue" and the "Ivory Mischief" has again demonstrated his mastery at living and re-creating the past and its romance in his latest book, "The Silver Plume." This is a novel about Tancrede de Rohan, the mysterious youth who was brought up in Holland and then carried off to Paris and declared to be the son and legal heir of Henri II, Duc de Roha. He describes it as a "true story," and certainly it has the convincing ring of reality.

* * *

"The Romantic 90's" by Richard LaGallienne. The author says "There were giants in the earth in those days" — giants at any rate by present-day standards, in wit and conversation. This account of the decade by a man who knew "everybody" in it, recalls with a wealth of anecdote and affectionate recollection those lost days of high scholarship and good talk.

* * *

"Meeting House Hill: 1630-1783." As Ola Elizabeth Winslow, the distinguished Pulitzer prize winner, recounts the history of the church in colonial America, she brings the meeting-house into sharp focus, showing its relation to the village life of the time and the attitudes it fostered. The book drives home the essential unity of civil and religious life in colonial times.

* * *

"Bread from Heaven" — Henrietta Buckmaster. A young man and a child walked into a New England village on a spring day. Who they were and where they came from no one in the town knew. "Bread from Heaven" is a deeply moving story told with all the warmth and vitality that brought success to Heniretta Buckmaster's previous books: "Fire in the Heart," "Deep River" and "Let My People Go."

* * *

"The World's First Love" by Bishop Fulton J. Sheen. "Every person carries within his heart a blueprint of the one he loves," Bishop Sheen writes. Repentance, prayer, sacrifice — these are conditions of peace, for they are the means by which man is remade. Eloquently, and with deep understanding, one of the great writers of our time shows us the way.

* * *

Other books include; "Catherine Carter" by Pamela Hansford Johnson; "Don Camillo and His Flock," by Giovanni Guareschi;" "The Davidian Report" by Dorothy B. Hughes; Anna Frank, the "Diary of a Young Girl;" "The Exploration of Space" by Arthur C. Clarke; "Scalpel" by Horace McCoy; "Helen Templeton's Daughter" by Louise Eskrigge Crump; the "Spire" by Gerald Brace; "The Weaver" by Harold Dye; "No More Tomorrow" by Sonntag; "The Privateer" by Daviot.

Non-Fiction books include two more books from the Nurses' club of Arlington Heights: "Unto the Least of These" by Emma Lundberg and "A Short Story of Nursing" by Lavinia Dock, R.N. "What Americans Believe and How They Worship" by J. Paul Williams; "How to Develop, Print and Enlarge Your Own Pictures." by Jack Flynn; "Gardening the Small Place" by William H. Clark.

* * *

For the teen-ager: "Thunder Road," "Runaway from Riches" and "Amarantha Gay, M.D." Children's books include: "Little Dude," the "Seven Little Piffle-sniffs," "Party for Suzanne," "Cherokee Bill," "Molly Pitcher," the "Wind in the Willows," the "Stolen Spruce," 'Kristie's Buttrecup," "Mouse Manor," "Goomer and God Planned it that Way."

### *To Hold Annual Dahlia Show at Garfield Park*

The twenty-first annual Dahlia show of the Central States Dahlia Society will be held Saturday and Sunday, September 13 and 14, in Garfield Park conservatory. This is one of the world's largest and finest competitive dahlia shows. It will be open free to visitors between 3 and 10 p. m. Saturday, and from 8 a. m. to 10 p. m. Sunday.

Thousands of these showy fall flowers will be exhibited in competition for the many trophies, awards and ribbons to be presented the winners in the many classes. Medals will also be given by some 20 dahlia societies throughout the United States.

Harold L. Cummings, La-Grange Park, is show chairman, and Lewis J. West, Wilmette, is president of the Central States Dahlia Society.

### *Too Little Rainfall*

The United States has too little rainfall for safe general agriculture on 40 per cent of its land area, and only 3 per cent of this dry area is now irrigated.

CULLIGAN serves all your water conditioning needs

YOU CAN ENJOY CULLIGAN SOFT WATER SERVICE

Copr. 1952 Culligan Zeolite Co.

There's no equipment to buy, no work for you to do when you have Culligan Soft Water on a *service* basis! We install our portable water softener in your home—and we take care of it. You simply turn the tap for all the silky soft water you need. As with your telephone, you receive a small monthly bill for the *service* alone. That's all there is to it.

YOU CAN BUY YOUR OWN CUL-MATIC WATER SOFTENER

Unlike other companies who sell water softeners and then let the owners worry about taking proper care of them, Culligan offers a unique "Owner-Service Plan." With this Plan, you own the softener, but it is designed for interchange with our Service unit so that the Cul-matic can, on occasion, be professionally sterilized and rejuvenated at our plant. Call us for details.

Don't wait to enjoy the benefits of soft water living—it will bring your family new comforts, conveniences and savings all through the house. Talk it over *today* with the water conditioning experts in your community—at CULLIGAN SOFT WATER SERVICE headquarters.

# Garden Group of Woman's Club Plans Fall Program

The many Arlington Heights Woman's club members, who look forward to the meetings of the conservation and garden group of that organization, will be pleased to learn that the coming year's programs have been completed by Mrs. Adolf Wiegand, chairman, and her committee.

This year's programs promise to equal, if not surpass, previous years in their appeal to gardeners and nature lovers.

The programs will start with the November meeting at which Mrs. Edwin Haberkamp of Haberkamp's flowers in Mt. Prospect will present her popular demonstration-talk on Christmas floral arrangements and decorations. Mrs. Haberkamp has appeared before this group a number of times in the past and always draws large audiences of flower lovers.

**AN UNUSUAL** program on birds will be presented in February by Mrs. Vivian Mingus. Mrs. Mingus is recognized as an authority on this subject, having read and studied for many years about 'our feathered friends.'

Another popular repeat performer, Mrs. Sheridan T. Winter, of Prospect Heights will demonstrate how to have "fun with vegetables," at the March meeting. A Woman's club member for many years, Mrs. Winter's versatile talents are well known. Her program last year on table decorations made from wild flowers, twigs, roots and even weeds from the nearby fields will be remembered by those who were fortunate enough to be present.

A fitting climax to the year's garden group activities will be a tour of the Babson Bird and Wildflower Sanctuary at St. Charles in May. The sanctuary is part of a privately owned lodge and few groups are privileged to make this tour of the grounds.

**MRS. WIEGAND,** who was co-chairman of the garden group last year, is a former board member of the Woman's club. She served as hostess chairman of the reception for Mrs. Hiram C. Houghton, president of the General Federation of Women's clubs, on the occasion of Mrs. Houghton's appearance before the Arlington Heights Woman's club last November. She was also publicity chairman for the Woman's club and secretary of the local Community Council.

Serving as co-chairman with Mrs. Wiegand is Mrs. Bradford Carlton, and the other members of the committee are Mrs. William G. Franke and Mrs. Walter P. Hermesdorf.

### Barrington Student To Be Representative At Science Convention

Dr. Herman Muller, 1946 Nobel Prize winner in medicine and physiology, will talk on "Life Elsewhere and Elsewhen," at the tenth Anniversary World Science-Fiction convention August 30, 31, and September 1 at the Morrison hotel, Chicago. Brian Parker of Barrington will attend the convention.

John W. Campbell Jr., editor of Astounding Science Fiction, another convention speaker writes " . . . the average new science-fiction author is a man between 20 and 35, a professional technologist or student technologist of one kind or another, and he writes science-fixtion to express his ideas, not for a living. He never becomes a professional science-fiction author, but continues it as a hobby; it's not his bread and butter, but the jam that makes the bread-butter otherwise earned more tasty."

Brian Parker of Barrington, representative of the Massachusetts Institute of Technology Science Fiction society to the convention, fits Editor Campbell's picture of a science-fiction author.

Brian recently had published "Half The Victory," a story based on a city stricken by biological warfare. He is a senior at MIT studying and working for his Ph.D in biology and specializing in neurology.

**Mr. and Mrs. Richard E. Down**
**230 Bristol Lane**

Mr. and Mrs. Richard E. Down moved into their new home at 230 Bristol lane May 30 from Minneapolis, Minn. Mr. Down, who is a salesman for the Eastman Kodak Co., was transferred to the Chicago and suburban area. The Downs felt that Arlington was the prettiest town in this area.

They have three children, Daryl, who is 7 and will be in second grade at the Dryden Place school, Larry, who is 5, and another daughter, Vicki, 1½ years old.

Both Mr. and Mrs. Down are interested in photography as a hobby. Mrs. Down also likes to sew.

The family likes Arlington Heights, and Mrs. Down said her neighbors were extremely friendly.

**Mr. and Mrs. John E. Gross**
**220 Drury Lane**

After looking around the suburban area for quite a while, Mr. and Mrs. John E. Gross decided to make Arlington Heights their home. They moved here from Chicago March 22.

Mr. Gross is employed by the Inland Steel Co. in Chicago.

Snuffy, a boxer, is the family pet.

Mrs. Gross said she likes the village very much and is very happy with the choice they made.

**Mr. and Mrs. O. Carl Beattie**
**311 Carlyle Pl.**

Mr. and Mrs. Beattie found just the type of home they wanted here and moved in February 12 from Des Plaines. They were originally from St. Louis, Mo.

Mr. Beattie, who is a consulting actuary, is treasurer of the Acturial Service Corp. in Lake Bluff. He is also a member of the Chicago alumni chapters of two colleges, that of Hope college, Holland, Mich., and the University of Michigan.

Mrs. Beattie, who attended St. Louis university, was president of the Des Plaines Junior League last year.

They have two children, Barbara Hallie, who is 6 years old and will enter first grade this fall, and David, 2½.

The Beatties like Arlington and Mrs. Beattie said she loves her new home.

# Wilson Community

School will open Tuesday, September 2, and all grades with the exception of the first will report at 9 a. m. for registration. Students should assemble in the basement for this purpose before being assigned to rooms. First graders should report to Mrs. Magnussen at 1 p. m. for registration. This year books will be on a rental basis, $6 for first through fifth grades, and $6.50 for sixth through eighth grades. Students are requested to bring their old text books to school Tuesday to be turned over to the school board for refund.

The child's name should be in each book.

The school will be ready for opening day. The tile floor was laid last week and finishing touches on the building should be completed this week. Wilson school is now a very attractive and modern building of which the community can be proud.

Mr. and Mrs. George Flenner and daughter, Merle, have returned from a two week vacation, visiting Mr. Flenner's mother in Denver, Colo., and also taking a trip to Yellowstone Park.

Another potential accordionist is in the making in the community, since Donna Schaimier was the lucky one to receive eight free lessons from the E! Rey Music Center in connection with the recent 4-H fair.

Mrs. Ed Koelper and Lee and Mrs. A. Wallor and Andy spent Wednesday at Riverview Park in Chicago.

## Car Overturns at Hawthorne-Highland

Emily Cigan, 23, 1110 N. Mitchell ave., was injured Tuesday morning in the left shoulder, and Gottfried Wickman in the left knee when their cars collided at Highland and Hawthorne sts.

The Cigan car, traveling east, hit the other car turning it on its side. The first car also hit a telephone pole.

A truck being driven by Edw. Petersen of Grays Lake for Melody Mills of Libertyville crossed the center line at State and Northwest Highway and hit a 1950 Buick being driven by Francis Seaman, of Highland Park. Damage was slight but Petersen was taken into custody because he had no chauffeur's license.

## Championship Sunflower

Geo. Sampson, 12, 1013 Oakton st., Arlington Heights, challenges other readers of Paddock Publications for the honor of raising the tallest sunflower. He says that after reading a boast of a ten-foot sunflower in a Chicago paper, he measured the one that he has, which is "climbing" an electric light pole at his home. "It is now twelve feet high and has not stopped growing yet," says George.

Grants totaling $93,190 were distributed last week by the Chicago heart association for research in heart and cardiovascular diseases to nine Chicago institutions and investigators.

## Baptized Recently

Kenneth Scott Malcolmson, son of Mr. and Mrs. Dennis Malcolmson of 726 S. Highland ave., Arlington Heights, was baptized last Thursday in Kansas City, Mo., by his 90-year-old great grandfather, Rev. George Baity.

Rev. Baity, who is pastor emeritus of Westport Presbyterian church, Kansas City, married Mr. and Mrs. Malcolmson, baptized Mr. Malcolmson and his son, Larry, and also married Mr. Malcolmson's parents.

## Suzanne Marsh Representative On Fashion Board

SUZANNE MARSH

Miss Suzanne Marsh, 638 N. Highland ave., Arlington Heights, has been selected to represent Arlington Heights high school on the high school fall fashion board at Wieboldt's Evanston store.

Members of the fashion board will be acting as hostesses and models in the store, August 20, 21, and 22.

## New Parish Plans Picnic

Plans are under way for the parish picnic to be held Sunday, September 7, from 1 to 5 p. m. on the grounds of the new Catholic church, Our Lady of the Wayside, 432 S. Mitchell ave., Arlington Heights.

Last Monday night there was a joint meeting of the officers of the Holy Name Society and the Catholic Woman's club to discuss details and assign duties.

The sole purpose of this picnic is to acquaint members of the new parish with each other and meet Father O'Hara, the pastor, if they have not already done so. This is not a fund raising enterprise.

There will be games for everyone from 4 to 84. There will be prizes for both children and adults. Refreshments will be available, but parishioners are invited to pack their own picnic baskets.

Many games will be of such a nature that entire families can participate. For instance, there will be a prize for the largest family present. There will be husband vs. wife contests. There will be races and games of every variety, and a free gift for every child.

Upon arrival at the grounds, those attending the picnic will be given numbered tags to wear. Certain numbers will have duplicates and there will be prizes for those who find their duplicates among the other picnickers.

Volunteers are needed and their assistance will be welcome if they will either call in person at the rectory or phone Father O'Hara at Cl. 3-5353.

Parishioners of Our Lady of the Wayside are urged to be present and invite their friends.

## Freshmen to Begin Classes September 2

All freshmen entering Arlington Heights township high school this year are to report for classes September 2, which has been designated Freshmen day.

THIS DAY has been set aside to permit freshmen to become oriented in the school before all classes are started. Freshmen are to report to the auditorium at 8:10 a. m., where they will be welcomed by Supt. LeRoy J. Knoeppel and Garwood Leckband, president of the student council.

H. L. Slichenmyer, administrative assistant, will instruct students as to high school procedure. They will be issued their home room assignment cards, reporting to their respective home rooms at 8:45 a. m.

During the day they will go through their daily schedule twice, to help familiarize them with locations of classrooms and to get acquainted with their teachers.

**FRESHMEN ARE** to bring their medical examination records and activity fee, which is $8. If they desire to purchase the yearbook they should bring an additional $4.

Sophomore, junior and senior students attending this high school for the first time are invited to be present Freshman day, to meet their teachers and become acquainted with the building. Buses will run September 2. Routes and time schedules were published in last week's paper.

All other students will report for classes September 3, at 8:10 a. m.

# Feehanville School

Feehanville school starts Wednesday, Sept. 3, at 9 a. m. The first three days will be only part day sessions. As far as this reporter knows now, the bus will start on the first day of school at the usual time. The expected starting time is to be 8:30 a. m., however, it is suggested that for at least the first day the students be ready and on the corner by 8:15 a. m.

The Prospect Heights school starts Tuesday, Sept. 2. All those students in the 6th, 7th, and 8th grades will again attend the Prospect Heights school. The bus for them will start Tuesday, Sept. 2, 8:15 a. m.

Trial runs are being made this week. A tentative schedule has been set up, but it is probable that changes and adjustments may have to be made after the first few days. As the schedule now stands, one bus starts picking up at Westgate and Meadow Lane, Westgate and Central, then White's on Rand road, Gray's and then to Forest River. The other bus starts at McDonald road, Edward and Wolf road, Euclid road, River road (Dam gard's), Van Dyke's and then into Forest River. The route in Forest River will be the same as last year, the bus starting on McDonald road will also pick up the students for Prospect Hts.

The painting and decorating that is being done at the school is progressing and should be ready before school opens. All first grade students must bring proof of age and a health certificate from their doctors. All students transferring from other schools should bring a transfer.

## Palatine Motors Two Wins From Trophy

Palatine Motors continued role as a "giant killer" last Wednesday as they defeated Libertyville, 5-2, at Libertyville. The victory, coupled with Libertyville's 4-3 loss at Oak Park, put Palatine in a first place tie with Oak Park. Libertyville had won fourteen games in a row, then suddenly collapsed, losing five in a row.

Libertyville scored first against Palatine, getting two runs in the second after two were out. Olsen and Morris singled and Don Wells slashed a double down the left field line, scoring both runners.

**PALATINE SCORED** one in the fifth and two in the sixth to take the lead they never relinquished. In the sixth, after two were out, Johnny Majewski singled, Wickersham doubled, Johnny Buell walked and Whitey Hefferan smashed a sharp single to left field, scoring Majewski and Wickersham.

The Motormen sewed the game up in the eighth. After Buell walked, successive hits by Hefferan, Lee and Dick Heiden gave Palatine their 5-2 lead.

Dick Heiden was superb, except for the second inning. After that he gave up just one hit. He struck out four and walked no one. On the other hand Palatine combed "Shorty" Boyes for nine hits and received four walks.

## Heights Juniors Win Park Title

Arlington Juniors won the championship of the Midwest park league Thursday at Recreation park by downing Park Ridge, 14-4. The two squads had tied for top honors

The win kept the Juniors' record clean with three championships in three years of play. In fact, of eight championships awarded by the Midwest park league in three years of operation, Heights has won six.

**PETE SWANSON** once again twirled a good game for Coach Russ Attis' stalwarts, allowing eights hits while his mates committed six errors. Arlington hit safely eleven times while Park Ridge blundered thrice.

Leading hitters for the locals were Kenny Niebuhr with two singles and a double in three times at bat, scoring each time, Bob Labojko with two in two, and Ashley and Roger Boger with two for three.

The Juniors have a 27-7 record over the three-year period. The Midgets also won their division.

It was good to see the high school boys out in football uniform once more Monday afternoon on the opening day of practice as set by the state high school association. At Palatine there were 80 boys out taking calisthenics, running, passing, punting, and getting in shape. The Palatine boys may not be as big as some years but there is more speed in the group. With six coaches on the job there was not a lazy moment allowed as the boys really got down to business. The coaches commented on the willingness and good attitude toward discipline and instruction on the part of freshman candidates, numbering 30. Fifteen more will join the frosh group by the time school opens.

**Northbrook Veterans Give Palatine Lads Stiff Competition For Positions**

As one lineman remarked, "that new varsity line coach, Bill Lutz, certainly is going to make us work if the first practice is any indication." We reminded him Lutz turned out many fine linemen at Northbrook who went on to outstanding college careers and that it takes hard work to become a winning football player. Welty with the backfield and Lutz with the line gives Palatine a good coaching combination.

Palatine boys are on their toes and working harder than ever before with the competition of six or eight real good boys from Northbrook after starting positions. "Skip" Hauseman, 200 pound six-foot-one fullback from Northbrook, was one of the best punters in the conference last year. Del Koelper, 185 pound tackle, is a potential all league performer if he goes on from where he left off last season. He is tough, fast, and loves to block and tackle. Gordon Bruno, halfback; Art Schmidt, quarterback; and Sam Genovese, guard, were regulars at Northbrook last year.

Both Palatine and Northbrook teams were pretty well riddled by graduation but the returning veterans from the two schools, numbering 13, should form a strong nucleus for a winning team and might bring Palatine their first grid championship.

**Ends Are The Problem as Bisons Point For Improved Season**

Tom Meneguin down at Bensenville has the makings of a very strong team which may be one of the strong contenders. He has two guards, two tackles, and four backs who lettered in 1951. The problem for the Bisons will be to get a pair of good ends so essential in these days of T formation and forward passing.

**Has Eight Veterans**

The Bisons with varsity experience are Tom Walsh and Harvey Larson, tackles; Claude Von Druska and Art Jolie, guards; and Pete Welch, Ronnie LaFata, Chester Koop, and Charles Hernandez, backs. Bensenville has been down in football the past few years and is due to rise to a contending position. With Barrington out of the conference replaced by Grayslake the championship appears to be up for grabs with the Bisons having as good a chance as anyone. The Bisons' opening conference game will be as host to Palatine's strong team Saturday, September 19, in a double bill starting at 6:30.

**The Girls Get A Break At Inverness**

One of the really fine things being done in golf in this area is the program carried out for young girls at Inverness. Through the work of Mrs. Charles Smith, junior chairman, and Stan Arendt, club pro, the daughters of club members have had a special day of golf each week and have had special instruction in learning to play. As special events last Sunday a father-daughter two ball foursome tournament was played and a mother-daughter tourna-

## 43 Report For Football At Arlington

by BOB PADDOCK

The first sign of the end of summer was visible Monday morning on the football practice field west of Arlington Heights high school as 43 boys showed up for the first practice of the year.

With the opening game against Barrington just two weeks away workouts started hard and fast with more than one boy going home after the first two-a-day workouts feeling the worse for wear.

**SEVEN COACHES** will be directing the destinies of Heights football this year, headed by "Bus" Ormsbee for the varsity. His assistants are Bill Beckman and newly hired Dick Mudge. For the sophomores it will be John Ligon, assisted by Maurice Klotz. The frosh will have Curtis Larsen directing their efforts, aided by Nelson.

The 43 boys reporting for the varsity squad is an increase of more than 50% over last year when just 27 showed for initial workouts. First intra-squad game is planned by Ormsbee for next Saturday, September 6, at 2 p. m. with local fans invited to watch.

**OF NINE VETERANS** back at Heights this year, six are seniors, including Tom Theis at fullback, John Eakins at quarter, Denny Straus and Joe Rezek at guards, and Elmer Klehm and Roy Henneberg at tackles. Three juniors include Dick Winterbauer and Roger Thomas at quarter, and Dave Brant at tackle.

Arlington prospects in the West Suburban league are unknown at this time. Last season's mark of seven straight losses can't be any worse. The Cardinals tallied 37 points to the opposition's 196 last year.

## Lohr's Pharmacy Regains Lead in Arlington Golf

The two top teams were matched opponents Friday night in Arlington Heights Twilight golf league with just one stroke difference team-wise. This evenly matched set-up would normally indicate close, interesting matches could be anticipated between the competitors, Lohr's Pharmacy and Lingren's Men's Wear. Results show Lingren's suffered a severe lashing, gaining only two points from Lohr's. This big blow could very well push Lingren's "out of the money," now in third place by just 1½ points. It could also be the big step for Lohr's into the league lead at season's end, that spot held by it now with a 5-point margin over second place Bowling Lanes.

Borgardt's Sinclair took eight from Black's Memorial, boosting itself to fourth place. For the former Lee Flynn scored a good-for-three 39-3-36.

**LEADER FOR** Lohr's was Paul Malchow with a 44-11-33, good for three scores. Paul has been coming through regularly for his team, doing much to keep it on top in league standings. For Lingren's, Jim Campbell was the only one to win a match.

Dunteman's Dairy made a strong bid to climb out of the league standings cellar by taking eight from Schiller Carpet, but missed again, this time by just one score. For Dunteman's the sponsor was strongest with a 41-7-34, good for 2½ points.

Arlington Bank took eight from Tody's Lounge with Art Franzen posting his most normal score of the year, a good-for-three 43-12-31. For Tody's Dick Dieball earned two.

**IN COMPETITION** with Lauterburg and Oehler, Jahn's Service found points very few and hard to find. Results of the five matches showed Jahn's taking two steps in reverse, from third to fifth place in the standings. For the L & G team Bill Poole scored a neat 41-9-32, good for three.

Arlington Bowling Lanes gained seven from Mar Johnson's with Stan Luczak getting three with a 41-6-35. Very seldom a net 35 will take that third point, but Stan knows when to get it. Charlie Kaufman and Bob McFadin scored two each for Mar's.

Election of officers for next year was held after play Friday. They are: Ken Fuhr, president; Bill Schoepke, vice-president; Stan Luczak, secretary, and Bud Rapp, treasurer.

**STANDINGS:**

| Lohr's Pharmacy | 78 |
| Arlington Bowling Lanes | 73 |
| Lingren's Men's Wear | 72½ |
| Borgardt's Sinclair | 71 |

| Schiller Carpet | 56½ |
| Dunteman's Dairy | 55½ |

## Cross Country Call At Heights Wednesday

First call for cross country at Arlington Heights high school has been issued for Wednesday, September 3, according to coach Russ Attis. Last season the Cardinal runners had a 1-8-1 record. Physicals will be given at the same time of the frosh gridders.

**Palatine Motors** softball team has been going great guns lately in Northern Illinois fastball league play with the results that victory in the final two games could mean a championship. ## 80 Boys Raise Grid Hopes at Palatine

by GERRY McELROY

When Palatine's 1952 football hopefuls took the field for their first official practice last Monday, varsity coach Dick Welty saw visions of Palatine winning their first football championship.

The Pirates have eight returning lettermen, Dick Abrahamson, a 6' 3", 180 pound end; Chuck James, a 5' 10" 170 pound center; Harlan Gephart, a 6' 1", 180 pound fullback; Kenny Rehusch a 5' 11", 150 pound quarterback; Gene Holtzee, a 6'0" 220 pound guard; Bob Burden a 6' 0", 180 pound end; Wally Swanson a 6' 1", 190 pound tackle, and Paul Schrage, a 5' 9", 166 pound half back.

Northbrook, joining forces with Palatine, has five returning lettermen which should figure strongly in Palatine's title hopes. They are Stan Hauseman, a 6'0" 200 pound fullback; Del Koelper, a 5'10" 180 pound tackle; Gorden Bruno, a 5'11", 170 pound half back; Sam Genovese, a 5'9", 175 pound guard, and Art Schmidt, a 6'0" 160 pound quarterback.

**OTHER BOYS** out for the varsity team are Norman Stenzel, a 158 pound junior half back; Bob Johnson, a 160 pound, junior center; Ralph Berlin, a 200 pound junior guard; Paul Hess a 160 pound junior half back; Charlie Hartmann, a 144 pound senior end; Eddie Hartmann, a 145 pound senior end; John Busch, a 195 pound senior tackle; Jim Raczkowski, a 150 pound junior half back; Don Hapke, a 155 pound junior end; Bill Breyer, a 166 pound junior end; Bob Gilbert, a 170 pound senior tackle, and Dale Christensen, a 135 pound junior quarterback.

Twenty boys reported for Mr. Bailey's frosh-soph team. They are Jack Mason, Dave Cornwall, Jack Lindberg, Allen Eck, Jim Penning, Don Underwood, Andy Kappler, Ray Lorden, Lawrence Wheeler, Phil Taylor, Tom Hillescheim, Bill McClung, Al Mackie, Ken Schmidt, Carl Harris, George Schueneman, Dave Nesset, Brian Espe, Dave Roberts, Joe Busch, Ron Thorsen, Ray Axelstrom, Bob Jasinski, and Ray Bucher.

**BECAUSE OF NUMBER** of boys out for football, the coaching staff has been raised from last year's three to six. Dick Welty has charge of the varsity backfield and Bill Lutz takes care of the varsity line. Claude Bailey and John Ellis coach the sophomores while Charles Feutz, Gene Moyland and Russell Dowell coach the freshmen.

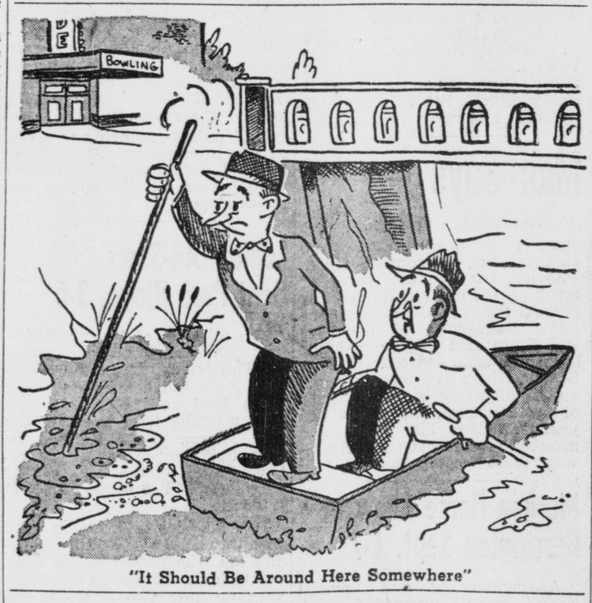

The opening turn out of 80 grid candidates is likely to expand to 100 by the time classes open at Palatine High next Tuesday for some Northbrook boys have delayed reporting due to lack of transportation.

The football team expects to be in top shape for their first game of the season with Warren, at Community park, September 13.

## Call for Frosh Grid Candidates Tuesday At Arlington High

Coach Curtis Larsen has issued a call for frosh football hopefuls for Tuesday, September 2, at Arlington Heights high school with boys asked to report immediately following school. Those boys are to make appointments with Dr. H. J. Carr for physicals prior to that time.

Opening game for the frosh is September 19 at Crystal Lake.

"It Should Be Around Here Somewhere"

## Poole Fords Lose In County Final

Poole Fords, Arlington Heights entry in American Legion baseball, saw their hopes for a second half county championship blasted Saturday at Chicago Heights when Maywood landed on top, 15-3. Fourteen walks issued by Bob Simmons, Dick Sargent and Mike Shanklin didn't help matters much.

The winners tallied four in the second inning. Three in the third, five in the fourth, and three in the fifth. Arlington, coached by Lloyd Meyer, scored all their runs in the third on a single by Dave Ryden, a walk to Bakalar, a triple by Wayne Hesch, plus an infield out.

The local nine won a forfeit from William Randolph Hearst post Thursday due to lack of enough visiting players.

Arlington had won the second half district championship.

## Wheeling Beats Morton Grove

Morton Grove invaded Wheeling with revenge in their eyes for the 26-3 beating they suffered a few weeks ago, but went home beaten again, 7-3.

Halverson started his first game of the season and allowed but three hits in the third inning when the losers made their three runs. He struck out none, walked three, and hit one batter.

**WHEELING MADE** at least two hits in every inning in massing 13 blows good for seven runs. Cokenower with four singles in four at bats and Jesse with two doubles and two singles, led hitting for Wheeling.

In the second game, the Wheeling Amvets beat Chamber of Commerce 8-5.

**NEXT SUNDAY** Wheeling travels to Niles. Wheeling defeated Niles in their first meeting 7-3 in four innings.

Friday the Wheeling All Stars will play in the All-American tournament at Thillen's Stadium, Devon & Kedzie. At this time Wheeling will wear their newly purchased uniforms.

## Busse Motors Lead Melts at Mt. Prospect

In the Wednesday division of Mt. Prospect twilight golf league Busse Motors still heads the pack by the slim margin of ½ point. Their position is very much in danger as they take on second place Van Driel's Drug Store for the close out match of the year.

A lopsided victory in this match could very well drop the loser into third as Kirchhoff Insurance is just seven points out of first.

Birdies last Wednesday were scored by Walt Oberlander No. 1, Elmer Schmitt No. 7, Al Schock No. 13 and Rollie Becker No. 11, all at the Mt. Prospect Country club.

## 'Best of Three' Series Remains for Redwings

That seventh inning stretch paid off for the Redwings at Recreation park, Arlington Heights Sunday when a double, three singles and two walks combined to put the local semi-pros in the finals of the league tournament, 7-2. They meet Alderman Keane Boosters in a best-of-three series for the loop title, beginning this Sunday at 3 p.m. All games will be played in Arlington.

Heights drew first blood the opening frame when leadoff Meathe walked, went to third on a single, and came home on an infield error. The locals tallied again in the third when singles by Wasco and Stange combined with a fielder's choice for Groh for a singleton.

**ALL WAS QUIET** on both fronts until the last of the seventh when Meathe was passed the third time. A sacrifice by Gene Wasco and a single by Pete Groh made it 3-0. Then followed singles by Hal Stange and Earl Simpson, plus a two-bagger by Bill O'Shaunessy, a walk to Bob Wille and two fielder's choices. The results, 7-0 in favor of the Redwings.

In the eighth the visitors tallied one on a walk, double and single, plus a loner in the ninth on an error and a single after two were out for the final score of the contest.

**FOUR REDWINGS** garnered two hits apiece, but, ironically enough, it was Ray Meathe with nary a hit who led the team in scoring with two runs as a result of his three walks.

DelNagio copped four of the nine hits given up by Bill Stretton, but failed to come home on all occasions. Stretton fanned five and walked two while the Redwings went down via the strikeout route six times and walked on seven occasions.

**THE VICTORY** gave the locals a 12-3 slate to date. They've fashioned four shutouts, have given up one, two, three and five runs twice each. In the three losses the locals succumbed, 7-6, to Cicero, to the Keane Boosters, 6-1, and to Franklin Park, 1-0. They previously had beaten the Keanemen, 6-5.

Batting averages for the Redwings show Gene Wasco leading the parade with a .400 figure via ten safeties in 25 times. Connie Hernbrott is second with 20 hits in 55 times at the plate for a comfortable .364. Earl Simpson also has 20 hits to his credit, but was up 62 official times for a .323 figure. Team average is .249.

**THOUGH THE** Redwings call Arlington home, just two of the present members get their mail here. Manager Elmer Kirchhoff and reserve outfielder Eric Nelson hail from the host town. Bob Wille of Mt. Prospect is regular third baseman. Two former players this year still live in Heights, including Lloyd Meyer at third and Jim Intravartolo behind the plate. The latter is technically the leading hitter with one hit in once at the plate.

Driving from Oak Park for each game are center fielder Connie Hernbrott, second baseman Ray Meathe, left fielder Hal Stange and pitcher Bill Stretton. Paul Lang, other pitcher for manager Elmer Kirchhoff, drives from Berwyn each Sunday.

Bill O'Shaunessy hails from Des Plaines, catcher Art Schiewe comes from Forest Park and outfielder Pete Groh and shortstop Gene Wasco both call Chicago home.

**FROM A SENIORITY** standpoint Schiewe holds the record, playing with the squad twelve years. Simpson has been coming out ten years while O'Shaunessy has been playing five seasons.

Two year men include Hernbrott, Meathe, Lang and Stretton, while first year men are Nelson, Wasco, Stange and Wille. Schoewe was voted most valuable player in the West Suburban semi-pro league two years ago.

Gone from the scene is George Schaefer, who twirled on the mound for years and years, going on and on, pitching darn good ball and often saving the game when newly tried pitchers were knocked from the box.

**THE REDWINGS** will play Trio Loung, formerly Grand Crossing, Labor Day in a non-league game. Game time for both Sunday and Monday contests at Recreation park is 3 p.m.

# Mt. Prospect Merchants Open Tourney Play Sunday Morning

The Mt. Prospect Merchants played three more ball games over the week end, two under the lights and one afternoon game.

Friday evening, August 22, they traveled to Bensenville and lost to the all stars, 11 to 10, in extra innings. The local boys led, 10-5, at the end of the 6th when Bensenville scored 5 runs on two hits and three walks. Then in the eighth the all stars scored a run to win. This was the first game the Merchants played under lights.

**SATURDAY EVENING** the Merchants played the Des Plaines all stars, a picked team of the entire Des Plaines Little League. This was a slugfest with the local boys finally edging ahead to a 17-15 win. Des Plaines led, 13-11, in the fifth when Mt. Prospect shoved across six runs for a 17-13 lead, which they never relinquished. The big blow of this uprising was a triple by Soengson with the bags loaded.

In the sixth Des Plaines threatened but Thill, who came in to pitch for the first time in two weeks, squashed the rally. A sensational catch by Tews for the last out saved the game.

**SUNDAY AFTERNOON** the Merchants played Niles. The game ended in a 9-4 victory for the localites. Soengson went the distance on the mound and offensively Naw, Wille and Peterson led their team.

The team is in fairly decent shape for the Thillen little league tournament. It is hoped Bruce Bjorklund, captain and regular shortstop, will be back from a month's vacation. Also the recovery of Denny Thill's pitching arm should be extremely helpful.

If any local people can make these games it would be greatly appreciated by the boys and possibly moral support will be very beneficial.

Merchants will start in the tournament Sunday at eleven a.m., playing the winner of Des Plaines Lexon A. C. games. Mt. Prospect drew a bye Friday and Saturday in the tournament. They will open play Sunday. Games will be at Thillen's Stadium, Devon and Kedzie, at 11 a. m.

## Parkway Bowlers to Start Tuesday Night

Parkway bowling league will inaugurate the season at Hi-Way Recreation Tuesday, September 2, at 7 p. m. Innovation will be a split season of 16 weeks in each half, the two champions rolling for the title the final night.

Sweepers are set for the 12th, 24th and 35th nights. Payments will be $2 per night the first six weeks, thence $1.50 the rest of the season.

## Wulbeckers Win Rob Roy League

Wulbecker's team won first in Rob Roy league with 66½ points. Park Ridge Stop & Sock and Weber Addressing tied for second with 63 points each. In matching the Weber team won the toss and were declared second place winner.

L-Nor Cleaners who have been next to Wulbecker all season, dropped into a tie for fifth place. The L-Nor team was beaten 7 to 0 by Koske excavators. To show how close the teams were, there was only a difference of 6½ points betwen No. 1 team and No. 6 team.

The tournament will be held at Rob Roy Sunday, September 14. The banquet for players and sponsors will be held at the Hartman House in Wheeling Sept. 16.

Final standings:

## Racing Switches to Hawthorne Track

Hawthorne Race Course, the historic track at 35th and Cicero, will again feature the best in fall racing with a purse and stakes program valued at $1,000,000 for its 35-day meeting which opens next Tuesday, Sept. 2.

# Special Tourney At Inverness Labor Day

The Inverness golf club will hold a special handicap tournament Labor Day with prizes for low gross and low net leaders. The club tournament is under way and the special Inverness cup tourney is nearing the final round. Semi-finals for the Inverness cup find Greg Fahey ready to meet either Shelby Stewart or T. C. Meeker and Shelby Stewart, Jr., all set to match shots with the winner of the Micky Kiefer-H. Harrison match. In an earlier tournament, the Stan Arendt handicap, the winner was Jack English who beat W. Mathias in the semi-final and Jack Courtney in the final.

In the club championship tournament Hardie Hodgson, George Eastman, Bud Hertel, M. P. Earl, Charley Conalley, and Greg Fahey have survived first round matches with Don Thackery and H. John, and M. W. Prellberg and Charles Eastman yet to clash.

**IN CLASS "B"** Roy LaLonde and Mr. Lersch have moved into the semi-finals in the lower bracket. In the upper bracket McTaggart meets the winner of the Lang-Quackenbush second round match while Bill Ziska has advanced to the semi-finals by virtue of a one-up victory over Paul Manning. Manning, who has come up strong this year, had a two stroke lead with three holes to go but Ziska got three pars in a row to take the match. LaLonde has the best score to date in the "B" class tournament with an 81.

In "C" class G. Gass plays J. Lindstrom and J. Coates is paired with Dr. Mankenberg in semi-final matches.

**THE CADDY** tournament is under way with John Goetz, Palatine sophomore, favored to win the "A" division. Goetz shot an 81 in the qualifying round. "Tinker" Meyer, champ the past two years, is not entered.

In a father-daughter two ball foursome tournament Sunday at Inverness Carol Axling, who adopted Hardie Hodgson as father teammate for the afternoon, took low gross for the nine holes with 46. Winner of low net with 29 was Kay Whitelaw and father M. W. Whitelaw of Arlington Heights.

## Chuck Speiser of Michigan State Inks Boxing Contract

Hec Knowles, Chicago business man who catapulted Chuck Davey to ring heights, announced today that he has signed another college slugger to a professional boxing contract.

Chuck Speiser, sensational light heavyweight from Michigan State, who was a member of the Olympic boxing team in both 1948 and 1952 and twice NCAA light heavy champ, has inked a contract.

Speiser won 125 of his 128 amateur fights, the three losses all being split decisions. He is 22 and will receive his degree from Michigan State in December.

Speiser will join Knowles at Michigan City Tuesday where Davey will begin his workouts for his Rocky Graziano battle to be held at the Chicago Stadium September 17.

## Lawrence Aims for Grid Title Defense

Coach Bernie Heselton is pinning his hopes on seventeen returning lettermen as he begins his fifteenth sason at Lawrence college in defense of the Midwest conference grid pennant.

Invitations were sent to 51 players to report for uniform issue Sunday, Sept. 7, and the opening drill the next day.

The Vikings' 1951 season of seven straight victories was the school's third undefeated, untied year in its 60 year football history, and the sixth Midwest title Heselton has brought to the Lawrence campus.

The Lawrence schedule:

Sept. 20—Milwaukee State college at Appleton (non-conference)
Sept. 27—Grinnell at Appleton
Oct. 4—Carleton at Northfield, Minn.
Oct. 11—Cornell at Mount Vernon, Ia.
Oct. 18—Ripon at Appleton (homecoming)
Oct. 25—St. Olaf at Appleton
Nov. 1—Knox at Galesburg, Ill.
Nov. 8—Coe at Cedar Rapids, Ia.

## Palatine Motors Stopped By Waukegan, 7-2

Palatine Motors' high flying softball team was stopped cold Sunday evening in Palatine by Waukegan, 7-2. Palatine went into the game a heavy favorite as they had beaten Waukegan twice before. It was a different story this time as Waukegan raked Dick Heiden for nine hits, five of them for extra bases. It was the first time this season that any team has beaten Palatine by more than two runs.

The Motormen must beat Highland Park and Oak Park to tie for the championship.

## Bits o' Business

Investors in the United States have spent an average $11,000 in plant, equipment and tools for every worker in manufacturing, the national industrial conference board reports . . . Manufacturers' sales dropped from $22.4 billion in May to $21.8 billion in June. Inventories went down from $42.7 billion to $42.2 billion. Unfilled orders, however, jumped from $11.1 billion to $11.6 billion . . . Consumers apparently are convinced that prices won't come down. One out of every three believes this is a good time to buy household goods, compared with one out of four a year ago.

***Most improved swimmers*** at Recreation Park, Arlington Heights, during the summer's swimming program were Gerald Peterson, 7, and Sandra Lee Dodds, 9. They are shown with trophies provided by the Herald-American. Sandra, daughter of Mr. and Mrs. Harry E. Dodds, Mount Prospect, began as a non-floater and advanced to a flying fish. Gerald, son of Mr. and Mrs. Edward C. Peterson, Arlington Heights, also began as a non-floater and reached the rank of fish. These are just two of the more than 1,200 swimmers who took part in the swimming program under the direction of Art Holland.

# Whitton Realtors Back in First In Tuesday Golf

Golden Food Shop team in the Tuesday division of the Mt. Prospect twilight golf league had a wonderful opportunity to stay in first place last Tuesday.

They played the last place team from Keefer's Pharmacy and were rudely beaten six to four. And that, in the closing rounds of this hectic battle, is not enough. K. R. Whitton Realtors won eight from H. A. Dooley Realtors to climb back into first position. With only one more evening of play they will be hard to dislodge.

Commissioner Busse team staved off the bid of fourth place Winkelman's Service team by beating them seven to three.

One thing for sure: Keefer last place. We hope this doesn't last place. We hope thise doesn't make Heine Kruse angry, as he believes his team would get more publicity if they finished last . . . or first, of course.

Much credit should be given the greenskeeper at the Mt. Prospect country club. A month ago the greens were not in very good shape. Since then he has worked a minor miracle in bringing them around. Today they are better than those of most of the courses in this vicinity.

Birdies were scored by Rollie Gerrard, Dick Meyers, Bill Golden, Francis Cook and George O'Day.

(Continued from preceding page)

ment is coming soon. Best of the girls playing is Monnett Smith who has been on the verge of breaking 100 her last three times out. At the rate she is going she might make some of the boys step for a spot on the Palatine high golf team in a few years. She will be a freshman this fall and is following in the footsteps of brother Tom, captain of last year's Palatine high team and member of three straight Northwest championship teams.

## Morgan Horse Show at Barrington Sept. 6-7

An outstanding and unusual horse event is planned in Barrington Saturday and Sunday, Sept. 6 and 7. The Mid-west Morgan Horse Owners, Inc., are staging their second annual show, which will include Morgan horses from all over the country, performing in classes of English saddle, fine harness, western classes and equitation.

The performance classes will be held Saturday evening and Sunday afternoon, with breed classes Sunday morning.

Admission is 75c, with children under 16 being admitted for 35c.

## Glittering Sonja

Sonja Henie is winning notice for wearing an unequaled amount of "ice" on one of her costumes as the star of her own 1953 Ice Revue, to open at the International Amphitheatre September 11.

Miss Henie sparkles and twinkles as the spot lights play on the hundreds of diamonds, emeralds and pearls sewn into her costume, valued at over a quarter of a million dollars. The costume is topped with a tiara bejeweled with frosty diamonds.

Miss Henie's other costumes, and the outfits of the supporting cast are elaborate, some lavish with ostrich plumes and others iridescent and phosphorescent, and cost $300,000. Sonja Henie has added several non-skating acts to the revue.

Mail orders are being received at the International Amphitheater, and ticket sale will be at 63 East Adams st., Chicago, at the street level.

## Legion All-Stars Beat Park Ridge, 3-0

The all-stars of the ninth district American Legion junior baseball teams played the champion Park Ridge team on their home field and beat them, 3-0. This was the final event of the 1952 season. Park Ridge, the first half league winner, went to the finals of the Cook county eliminations before bowing to Winnetka.

Bob Moehler of Franklin Park was the lad on the hill for the all-stars who turned in the shutout victory. He struck out eight, gave up only two hits, and did not walk a single batter. His team mates gave him flawless support.

Al Bean, Park Ridge pitching ace, fanned 16 batters but in between the all-stars got eight hits to beat him. Wayne Hesch of Arlington got a hit, took second on a wild pitch, stole third, and scored on a fielder's choice in the second inning. In the third Dusty Grgurach of North Lake singled and scored on a hit by Marvin Leuth of Franklin Park. Leuth led off the eighth with his third hit and was scored on a hit by Paul Schrage of Palatine.

Other hits for the all-stars were made by Hohfelder of Barrington, McGowan of Barrington, and Abrahamson of Palatine. Other boys who played for the all-stars from local teams were Kenneth Rehusch of Palatine, Ted Bakalar of Arlington Heights, Chuck Dahlstrom of Mt. Prospect, and Bob Iverson of Barrington.

# Labor Day Handicap at 177Gs To Close Racing at Washington

The world's richest handicap race, the Labor Day Washington Park Handicap, heads the three stakes offered in the final seven days of racing at Washington Park. The meeting closes Monday, Sept. 1, with the $177,000 handicap, the feature event of the day and the climax of one of the most successful meetings in Chicago history.

There are three stakes being decided during the last seven days, opening with the 29th running of the Sheridan Handicap, a $25,000 added race for three-year-olds on Wednesday. The $70,000 Princess Pat Stakes for two-year-old fillies follows Saturday, with the Handicap winding up the season Labor Day.

**WASHINGTON PARK** Handicap has 67 original eligibles and two supplementary nominees, Charfran Stable's Crafty Admiral, and Clifford Mooers' Cyclotron. The latter two were named and the $7,500 supplementary fee paid August 11. They raised the gross value to approximately $177,000, automatically making it the richest handicap race ever run. The winner will net approximately $131,700, unless it is Crafty Admiral or Cycoltron, in which case the net will be $124,650.

The Princess Pat Stakes, to be run over six furlongs Saturday, closed with 114 eligibles, giving the race the potential gross value of $70,000. The winner, on that basis, can earn approximately $55,000.

Notable among the eligibles is Miss Mary V. Fisher's Fulvous, winner of the Arlington Lassie. The filly will be out to do what only two other fillies have done in the history of the Lassie and Princess Pat, win both of them. Beaugay did it in 1945, Bewitch in 1947.

**OTHER ELIGIBLES** include Hal Price Headley's Aerolite, second to Fulvous in the Lassie, Mrs. Herbert Herff's Mimi Mine, fourth in the Lassie, Mr. and Mrs. J. R. Collins' Biddy Jane, winner of the Rancocas and Miss America Stakes and second to Bubbley in the Debutante stakes at Churchill Downs, Mrs. Emil Denemark's Thoughtfully, fifth in the Lassie, Dixiana Farm's Patio Patter, winner of her last Washington Park start, Fred W. Hooper's Gala Fleet, Mrs. Ada L. Rice's Cerise Reine, Mrs. Harry Trotsek's Betsy T. and Clifford Mooers' Take One.

The Handicap will bring together a galaxy of handicap stars, and in addition to Cyclotron and Crafty Admiral, eligibles include such aces as King Ranch's To Market, winner of the $152,350 Arlington Handicap as well as the San Carlos and Massachusetts Handicaps; Hasty House Farm's Seaward, winner of the Ben Ali, Clark and Lincoln Handicaps; William G. Helis Jr.'s Spartan Valor, winner of six straight stakes this year before failing in the Equipoise Mile.

**OTHERS INCLUDE** K. G. Marshall's Coffey Money, winner of the Myrtlewood Handicap; Oil Capitol, owned by Mrs. Harry Trotsek and Hasty House Farm, winner of the New Orleans Handicap and second in the Arlington and Whirlaway Handicaps; Sam W. Wilson Jr.'s Royal Mustang, winner of this year's Stars and Stripes Handicap; Hasty House Farm's Ruhe, winner of the Narcissus Handicap and third in the Arlington and Whirlaway; Clarence Hartwick's Sickle's Image; Louis B. Mayer's Princess Lygia, winner of two straight races including the Misty Isle Handicap, in her only starts at Washington Park this year, and Mrs. Ada L. Rice's Pet Bully.

The Handicap will offer rich second, third and fourth money in addition to the lucrative first money. Second will earn $25,000, which is more than winners receive in 85 per cent of the stakes races in America; third is worth $12,000, and fourth $6,250.

## Navy Pier Card

The Navy Pier division of the University of Illinois has carded a seven game football schedule, according to Walt Versen, new head football coach.

Starting the third grid season of the undergraduate division, the Pier eleven will meet Illinois college for the Illini homecoming game October 3 in an afternoon game.

Versen said his big game of the year will be against Wheaton college who have beaten the Chicago-Illini two years in a row. He expects about 60 Chicago area boys to come out for the team, sixteen of which will be returning lettermen from last year's squad.

The schedule includes:

Oct. 3—Illinois college, here, Luther stadium—2:00 p. m.
Oct. 11—Eureka college, there.
Oct. 18—Indiana State Prison, there.
Oct. 25—Carthage College, there.
Nov. 1—Hillsdale College, there.
Nov. 8—Camp Atterbury, Ind., there (service team).
Nov. 15—Wheaton College, there.

## Scott's Boat Wins First in Badger Outboard Races

Bobby Scott's boat won first place in the divisional championship races held last Sunday by the Badger State Outboard ass'n at Winneconne. Wis.

Due to illness, 8-year-old Bobby was unable to drive his boat and David Hoffman, son of Mr. and Mrs. Clarence Hoffman of Wheeling substituted for him. It was his first try at professional racing.

Nancy Scott, Bobby's sister, came in fifth in the class A hydroplane race and a customer of Bob's Outdoor Motors store, Don Rejman, won third place in the class "D" hydroplane race.

The Scotts are justly proud of the trophy and of their showing at this meet which included boat racers from Michigan, Indiana, Illinois, Wisconsin and Iowa. Bobbie's boat is eligible for entering the national championship races to be held in California next month.

## Invite Former Arlington Residents to Picnic At Pasadena, Calif.

J. D. Flentie, former Arlington Heights resident, with other Arlingtonians who now reside in the vicinity of Los Angeles, have selected Sunday, September 7, as the date for the 1952 Arlington Heights picnic. It will be held at Brookside Park, Pasadena, starting at one o'clock.

Flentie says that any present residents of Arlington Heights who desire to attend the event will be warmly received. While post cards have been mailed to many California families, there may be some who are missed. "It will be in the nature of a reunion of all California residents who ever lived in the Arlington area; the more the better," says Flentie.

Manner, not gold, is woman's best adornment.

# Rezoning Ordinance

REZONING ORDINANCE

AN ORDINANCE REZONING PARTS OF LOTS "D", "G" AND "H" in KIRCHHOFF'S SUBDIVISION, BEING A SUBDIVISION IN SECTIONS 10 AND 11, TOWNSHIP 41, RANGE 11 AND SECTION 33 IN TOWNSHIP 42, RANGE 11 EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT OF SAID SUBDIVISION RECORDED MAY 22, 1917, IN BOOK 152 OF PLATS, PAGE 15, ALL IN THE COUNTY OF COOK AND STATE OF ILLINOIS.

WHEREAS the hereinafter described lands and premises have heretofore been annexed to the Village of Arlington Heights, and were not within the corporate limits of the Village of Arlington Heights, Cook County, Illinois, at the time of the passage and approval of the original zoning ordinance of said village entitled: "An Ordinance To Classify, Regulate and Restrict the Locations of Trades and Industries and the Location of Buildings Designed For Specific Uses; To Regulate and Limit the Intensity of the Use of Lot Areas and to Regulate and Determine the Area of Yards, Courts, and Other Open Spaces Within and Surrounding Such Buildings, and To Establish the Boundaries of Districts for the said Purposes and Prescribing Penalties For The Violation of Its Provisions," passed on the 29th day of August, A. D. 1927, and approved on the 29th day of August, A. D. 1927; and,

WHEREAS said lands and premises were prior to their annexation to the Village of Arlington Heights located within unincorporated area in the County of Cook and State of Illinois, and zoned by the County of Cook through its proper zoning officials as and for agricultural and residential purposes and were devoted entirely to agricultural uses; and,

WHEREAS heretofore a petition of the owners of and persons interested in said land and territory for the rezoning and reclassification of said premises from agricultural and residence purposes as defined by the Zoning Ordinance of the County of Cook, to industrial uses, as described in said Zoning Ordinance of this Village, was filed with the President and Board of Trustees of this Village and were referred to the Zoning Board of Appeals of this Village for hearing thereon; and,

WHEREAS said Zoning Board of Appeals after giving due notice of such hearing held hearings on such petition and has recommended to the President and Board of Trustees of this Village that said lands and premises described in said petition and hereinafter more particularly described be zoned for industrial uses; therefore,

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. That the following described premises hereinafter referred to, to-wit:

That part of Lots "D", "G" and "H" in Kirchhoff's Subdivision in Section 33, Township 42 North, Range 11 East of the 3rd Principal Meridian, described as follows: Lot "H" (except the East 150.24 feet thereof and except the West 150 feet of the East 300.24 feet of that part of said Lot "H" lying South of a line 250 feet North of and parallel to the South line of Section 33); Also Lot "G" (Except that part thereof lying North of the South line of the North Half of the Northeast Quarter of the Southwest Quarter of Section 33 and West of the East line of the West Half of the Northeast Quarter of the Northeast Quarter of the Southwest Quarter of Section 33); Also that part of Lot "D" lying South of the South line of the North Half of the North Half of the Southwest Quarter of Section 33 and East of a line described as beginning at a point in the South line of Section 33, 100 feet East of the Northwest corner of Lot "E" in said Kirchhoff's Subdivision, being a point 1233.60 feet East of the Southwest corner of Section 33; thence North on a line 100 feet East of and parallel to the West line of said Lot "E" extended North a distance of 1161.54 feet; thence Northerly in a straight line 824.70 feet to a point on the South line of the North Half of the North Half of the Southwest Quarter of Section 33, 1319.85 feet East of the West line of Section 33, said point being the Southeast corner of the North Half of the Northwest Quarter of the Southwest Quarter of said Section 33, (excepting therefrom that part thereof described as follows: commencing at the Southwest corner of the above described premises, said point being 1233.60 feet East of the Southwest Corner of Section 33; thence North along the West line of the above described premises 190 feet; thence East parallel with the South line of Section 33, 195 feet; thence South on a line parallel with the West line of the above described premises 190 feet to the South line of Section 33; thence West on said South line 195 feet to the place of beginning); all in Kirchhoff's subdivision, being a subdivision in Sections 10 and 11 of Township 41 North, Range 11 East and Section 33 of Township 42 North, Range 11 East of the Third Principal Meridian, according to the plat of said subdivision recorded May 22, 1917, in book 152 of Plats, page 15, all in Cook County, Illinois,

be and the same are hereby rezoned from the classification given same by the County of Cook and zoned for industrial purposes and so classified under the provisions of the ordinance of this village entitled: "An Ordinance to Classify, Regulate and Restrict the Locations of Trades and Industries and the Location of Buildings Designed for Specific Uses; to Regulate and Limit the Intensity of the Use of Lot Areas and to Regulate and Determine the Area of Yards, Courts and Other Open Spaces Within and Surrounding Such Buildings, and to Establish the Boundaries of Districts for the said Purposes and Prescribing Penalties for the Violation of Its Provisions," passed on the 29th day of August, A. D. 1927, and approved on the 29th day of August, A. D. 1927, and that from and after the passage, approval and publication of this ordinance said lands and premises shall be classified and become a part of the Industrial District or Districts lying within this Village, as defined by said Zoning Ordinance of this Village, and shall be devoted to no other uses than those defined under Section 6 entitled "Industrial District," contained in said Zoning Ordinance or any amendments thereto.

SECTION 2. That this Ordinance shall be and constitute an amendment to said hereinbefore entitled Zoning Ordinance, and all the provisions of said Zoning Ordinance, together with all amendments thereto not inconsistent with the provisions of this Ordinance shall govern the above described premises.

SECTION 3. Any person, firm or corporation violating, disobeying, omitting, neglecting or refusing to comply with or resisting the enforcement of any of the provisions of this ordinance shall be fined not less than TWENTY-FIVE ($25.00) DOLLARS nor more than TWO HUNDRED ($200.00) DOLLARS for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

SECTION 4. This Ordinance shall be in full force and effect from and after its passage, approval and publication, according to law.

PASSED this 25th day of August, A. D. 1952.

FORREST F. DAVIS,
Village Clerk.

APPROVED this 25th day of August, A. D. 1952.

ALBERT W. GOEDKE,
President.

Published August 29, 1952.

MANNERS

Self-denial is practical, and is not only polite to all but is pleasant to those who practice it. —Mary Baker Eddy

## Clubs, Organizations Urged to List Dates In Community Calendar

All clubs and organizations in Arlington Heights planning special functions which will be open to the public during the coming year are urged to report the dates of their affairs to Mrs. Adolf Wiegand, who is in charge of the community calendar.

A service, supplied by the Community Council of Arlington Heights, the calendar's main purpose is to keep the various clubs and organizations from holding big events on the same dates. If two big events open to the public are held the same days, one would detract from the other and neither would be the success the club expected.

Any group planning a special event may check with Mrs. Wiegand to see if the date they want to hold it is free, and then register it with her. It is to their advantage to get their event listed on the calendar, as well as it is to their advantage to check to see if the date they want is already scheduled with another event.

Mrs. Wiegand may be reached at Clearbrook 3-1500, or by dropping a postcard to her at 732 S. Beverley lane, Arlington Hts.

Without sincerity, manners are mere apish bowing and scraping.

**The Golden Text is from II Corinthians (4: 6) "God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ."**

Lesson-Sermon passages from the Bible (King James Version) include:

**"And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people" (Matt. 4: 23).**

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

**"The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstrations of the divine power, demonstrations which were not understood . . . If sickness is real, it belongs to immortality; if true, it is a part of Truth . . . But if sickness and sin are illusions, the awakening from this mortal dream, or illusion, will bring us into health, holiness, and immortality . . . This is the salvation which comes through God, the divine Principle, Love, as demonstrated by Jesus" (pp. 131, 230).**

# In the Shadow of + + + The Steeple

**by William O. McGill**

What do you think about on your birthday? "Gracious, how old I am getting!" or, "Here I am, at —, and I haven't done nearly all that I wanted to do."

If you have reached mature life, do you occasionally reach in "among your souvenirs" to dust off, and re-examine the ambitions of your youth. There was a time when each of us was going to set the world on fire. Everybody was going to hear our name. How far did you get on that ambition?

**PERHAPS IT WAS** a foolish ambition, possibly it was unrealistic. It may be as well that it slipped into the dust, tied with blue ribbon, and stored away. But what did you put in its place? One part of maturity is learning to temper the unrealities of youthful ambitions with the reality of mature ambitions.

It may be possible to look back and discover that a want of discipline has been responsible for the failure to fulfill some of these ambitions.

"The fault, dear Brutus, is not in our stars, But in ourselves . . ."

There may yet be some dreams that can be salvaged by a conscious effort at self-discipline.

Of course, if your life thus far has been in need of more rigorous discipline, it will be more difficult to start now, but it can be done. Many people have changed their horses in the middle of the stream of life and have come out on the other side much more capably than they would have on the former mount.

I look back—somewhere around I have stored a memorandum I wrote for myself when I became 21 — I wonder what it says. But, looking back, I see many occasions with which I am dissatisfied; there are still a number of things about me that dissatisfy me. Some of them have persisted for years. They may persist for many more.

**IF YOU ARE** honest with yourself, there must be many aspects of your life and personality with which you are not content. Why don't you take a little time, here near the end of the summer, to look at yourself, and ask some basic questions? Ask such questions as, Who am I?, What manner of person am I?, Where am I going?, Why am I going there?

You may find reason and courage to take fresh steps in a new direction.

The story is told that a Methodist minister had had an unhappy pastorate. When Conference time came, he made request for a transfer and assured the congregation that they would have a new minister next week. But matters went agley, as they sometimes do, and the Bishop had no new place to put him. He was reassigned to his former charge.

**IN THIS** humiliating situation, he went to the congregation on the following Sunday and said, "Last week I promised you a different minister. Today, I assure you that you have a different minister." He publicly made certain apologies for his own conduct toward certain persons. They prayed together, and the story goes, that that relation of pastor and people was greatly blessed by the Holy Spirit.

There are times when we are forced to re-examine ourselves. But why wait until we are forced to do so? Let's do it today, and start to be different persons today.

Switches to Dodge... lowers hauling costs

- Whatever you haul, there's a Dodge truck—½-ton through 4-ton—that's "Job-Rated" to fit your job and save you money.
- Full crankcase ventilation saves oil, lengthens engine life, and lowers upkeep costs.
- Two fuel filters—instead of only one—keep fuel clean to help prevent carburetor clogging and fouled cylinders.
- For *smooth* power that saves wear and tear, gyrol Fluid Drive—a Dodge "exclusive"—is available on ½-, ¾-, 1-ton, and Route-Van models.
- Come in today for a demonstration and a real good deal.

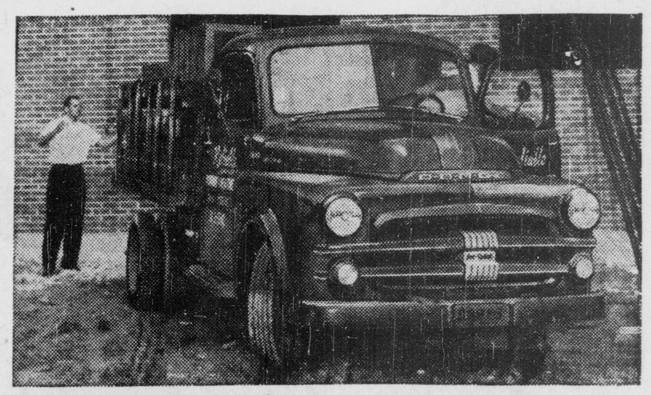

says LEWIS ENGEL, *Reliable Supply Company, Chicago, Ill.*

"My Dodge has proved to be a real saver on gas!"

"We are getting several more miles per gallon with our Dodge '*Job-Rated*' truck—and in a small business like mine, economy is important.

"My Dodge has not only proved to be a real saver on gas—but we are real pleased with Dodge dependability. Hauling pipes, fixtures, plumbing tools and other heavy equipment has broken down several trucks for us. But our Dodge has taken heavy-duty use over bumpy roads for a long time now and we haven't had to have a single mechanical repair."

**Enjoy over-all economy.** Dodge "*Job-Rated*" trucks are easy on gas and oil, thanks to compression ratios as high as 7.0 to 1. Other cost-cutting advantages include lightweight aluminum-alloy pistons and gas-saving carburetor with economizer valve.

**Cut down upkeep.** With a Dodge "*Job-Rated*" truck you get such *proved* money-saving features as 4-ring pistons with chrome-plated top rings, exhaust valve seat inserts, pre-fitted connecting rod bearings, positive-pressure lubrication, and other features.

**Get long life.** A Dodge "*Job-Rated*" truck gives you special alloy steel springs and shot-peened axle shafts. Other dependable Dodge long-life advantages include such features as wear- and heat-resistant valves, oil-bath air cleaner, and floating oil intake.

### Them Wealthy Catarrh Players

St. Louis, Mo. — When I was a kid in grammar school, my arithmetic teacher who doubled in brass as our music teacher, poor soul, taught us that the way to sing properly was to strive for the "pear-shaped tone." That dear lady was born thirty years too soon, although I must admit, in later years I eventually achieved the pear shape but somehow the tone has always escaped me. It has also escaped numerous ladies and gentlemen of the hill country currently yodeling hillbilly tunes on radio, television and juke boxes to the decided advantage of their swollen bank balances.

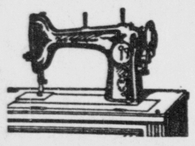

Most of these people who sing as if they were afflicted with post-nasal drip live in and around Nashville, Tennessee, a town which has not expressed any printable opinion on the subject, but which must have a salubrious climate for hillbilly musicians. At that, I doubt that Nashville is complaining because there are a lot of musicians and most of 'em have money they haven't even counted yet. About 20% of the dollars spent yearly on music by the listening public is spent on what is euphemistically known as "folk music." This is a lot of folk music and a lot of records on a lot of juke boxes. Also a lot of dough si dough in the jeans of the maestros of mountain music.

Get away from the urban areas and the farther you go, the higher the proportion of country music if you go far enough you'll eventually meet kids who can tell you the life history of Roy Acuff or Red Foley but who have heard only faintly of Benny Goodman or Tommy Dorsey, and are interested less. Such is fame.

Listening to this music I am struck by the hopelessness of life in general and the lugubriousness of the song titles. In order to pep things up a little, I hereby contribute a couple of song titles to any reader who happens to be a hillbilly tunesmith. How about "You're Too Heavy For An Upper, Bertha. So To You Sweetheart, Aloha." Or, with a western theme, here's 'Yo're Too Bowlegged Fer The Round-up Maw, You'll Never Git Them Calves Together" How about it Red? Roy? They're yours to use if you like 'em. Just pen a short note of thanks on the back of an old thousand dollar bill and send it to me, care of this paper.

***New library at Arlington Heights*** high school, ready for use when school opens this fall. It is located in the old cafeteria and the main reading room will seat 160 students.

# 9 Homemaking Classes to Be Offered at Evening School

Nine classes of direct interest to homemakers will be offered in the Arlington Heights adult evening school this fall. Because of the large number of newcomers to the community and the telephone inquiries being received at the high school office, a brief description of some of the adult courses will be given from time to time.

**SEWING CLASSES** have always been one of the most popular offerings, and this year there will be four sections devoted to sewing. In the beginning sewing class, which will be held to a small registration in order to secure more individual attention to each student, instruction will be given in the fundamentals of sewing, including machine operation, pattern reading, layout, buttonhole making, hems, stitches and materials. An intermediate sewing class will be offered for those who wish instruction and opportunity of working on children's garments, simple dress patterns, draperies and varied machine attachments.

The advanced sewing class will be available to those who wish instruction in advanced sewing problems, alterations, fitting and design. A class in tailoring will be offered again for the remodeling of suits and coats, and the making of new garments.

The popular course in slip covers will be continued, as a new room has been secured where furniture may be brought to the school and left while the work is in progress. Again, registration will be limited to the accommodations of available facilites and the type of instruction provided.

**TWO MILLINERY** classes will be held where students may secure help in remodeling old hats for winter use, or designing new hats for fall and winter wear. Individual attention is given each student in class, and usually two to five hats are made each term, depending upon the skill of the student.

A class in hooked rug making, which has proven popular with homemakers, will also be held. Designs, patterns and materials will be studied and expert help given in the making of hooked rugs of unusual design.

Two classes that always have large waiting lists include interior decorating and landscape gardening, which is of interest to both men and women students. Expert professional instructors are employed to teach these classes, and attention is given to each individual student problem and solutions worked out with the help of the instructors and the class members. Many Arlington homes have had their interior and exterior design worked out in one of these classes.

The class in textile painting could be classed with the hobby courses, but is very practical for homemakers. Design making, application and painting are studied on both simple projects for the beginning student, and more advanced problems for the more capable individual. New students who have never attended adult evening school classes are made to feel at home because of the individual type of instruction offered, yet many persons register again year after year to continue their work on new problems.

**REGISTRATION** for the adult evening school will be held at the Arlington Heights township high school September 22, 23 and 24, from 7 until 9 p. m. Registrations will also be accepted during the day, and by mail. Catalogs will be ready early in September and will be available for distribution. Information in regard to any adult evening school courses can be secured by phoning the high school office.

An unusually heavy enrollment is expected this year because of the growing popularity of the school, and also because enrollment fees are being reduced substantially. Classes will begin the regular ten week fall term Monday, September 29, and Wednesday, October 1.

# Deady Maple Wilt Can be Cured In Earliest Stages

If a favorite maple looks peaked, it may be simply showing wear and tear from the hot summer. Chances are it needs some extra watering and feeding, but occasionally there may be some more serious trouble.

If there is severe wilting of the leaves on one or more branches it may be wise to call in a professional tree man. The foliage injury may be due to a fungus disease known as maple wilt, warns J. L. Heston, field representative of the Davey Tree Expert Co.

The Norway maple and the sugar maple are most often and most severely attacked, but other maples are also susceptible. These, of course, are among our fine shade trees. Unless caught in the early stages, maple wilt is usually fatal. This sapwood disease stamps its trademark with green streaks inside limbs and trunks. The doctors make their diagnosis from borings and cuttings that show the characteristic green discolorations.

Experts sterilize their saws after each cut in removing diseased limbs. The Verticillium fungus causing the ailment can be easily transmitted to healthy wood unless proper precautions are taken. If wilt is rampant through the tree, the maple must be removed and burned to keep the disease from spreading.

Once signs of infection are observed death may come rather quickly or perhaps not for two or three years.

# The Call of The Wild...

O some may long for the soothing touch
Of lavender, creame or mauve,
But the ties I wear must possess the glare
Of a red-hot kitchen stove!
The books I read and the life I lead
Are sensible, sane and mild,
I like calm hats and I don't wear spats—
But I want my neckties wild!

Give me a wild tie, brother,
One with a Cosmic Urge!
A tie that will swear,
And rip and tear
When it sees my old blue serge!

O some will say that a gent's cravat
Should only be seen, not heard,
But I want a tie that will make men cry
And render their vision blurred.
I yearn, I long for a tie so strong
It will take two men to tie it.
If such there be, just show it to me—

Whatever the price, I'll buy it!
Give me a wild tie, brother,
One with a lot of sins,
A tie that will blaze
In a hectic haze
Down where the vest begins.

—Stoddard King.

We've got a beautiful collection of 2,148 ties, but perhaps none so "wild" as this poet yearns for. You'll find bows (readytied and untied) and four-in-hands — in solid colors, patterns and stripes—in silks, rayons and wools—priced from $1.50 to $2.50.

Why not come in and see 'em some time?

# $40,000 in Furs To Be Displayed At Home Show

With an appropriate theme, "Holiday for Fashion," a preview of the latest fall and winter fashions for every member of the family, will be a feature attraction each night on the main stage at the Third Annual Des Plaines home show, September 9-14.

With $40,000 in furs, and $10,000 in dresses coats, suits, ladies' hats, as well as the latest in a complete line of children's wear, and the smartest in fashions for the well dressed man, for the fall and winter season, this style show promises to be the most elaborate ever presented to the public in the suburban area. Special stage sets, as well as special lighting effects are being planned to further enhance this outstanding attraction.

**THE WORLD-WIDE** Chinchilla Ranch, will be showing to the general public for the first time, a beautiful chinchilla fur cape, valued at $30,000. Chinchilla fur, being known as the most valuable fur in the world, and only ten coats, or capes, having been made from this fur in the entire world, this is sure to be a treat for every lady in the suburban area.

Lyon & Healy of Evanston will furnish the musical background for the style show, on the Hammond Cord organ. Prior to the style show each night the Modern Music Studio of Des Plaines will feature two of the outstanding accordion players in the nation that have been featured on radio and T.V.

Along with the wonderful display of outstanding exhibits that include everything from the smartest in home construction, to the latest in heating and hobbies, as well as the latest in modern cars of today this year's home show is sure to meet with the general approval of all that attend. The show is sponsored by American Legion Post No. 36 Des Plaines, and merchants of the northwest suburban area will exhibit items that will be as modern as tomorrow.

Doors will be open each night from 6:30 p. m. till 11 p. m., with a special matinee Sunday, Sept. 14.

# Kathryn Monahan Is Bride of Donald Reusch

King photo

In a double ring ceremony, Miss Kathryn Monahan, daughter of Mr. and Mrs. Gerhardt Monahan of Skokie, became the bride of Donald Ruesch, son of Mr. and Mrs. J. L. Ruesch of Des Plaines, August 9.

Rev. Arthur Sauer officiated at the 2 p.m. ceremony held at St. Peter Catholic church, Skokie.

Miss Dorothy Monahan was the maid of honor, and Miss Patricia Monahan was the bridesmaid. Both are sisters of the bride. Vernon Jacobs, cousin of the groom, was best man, and William A. Meyer Jr. served as usher.

The bride, given in marriage by her father, wore a white chantilly lace gown embroidered with seed pearls. Her fingertip length veil fell from a Juliet crown, and she carried a bouquet of white gladioli.

The maid of honor wore a pink nylon ballerina length gown and carried a bouquet of pink gladioli, and the bridesmaid wore a blue ballerina length nylon gown and carried deep red gladioli.

The bride's mother wore a toast lace dress with brown accessories and an orchid corsage, and the groom's mother wore an ice blue shantung dress with navy accessories and an orchid corsage.

The newlyweds left on a wedding trip to Niagara Falls following the reception which was held for 50 guests in the Aladdin room of the Orrington hotel in Evanston. They will reside in Chicago.

The new Mrs. Ruesch was graduated from Niles township high school and received her AB degree from Monmouth college. She has been teaching at the Montague grade school in Rockford. Mr. Ruesch was graduated from Maine township high school and received his BS degree in civil engineering from Northwestern university and is now associated with the Crane Construction Co. in Chicago.

Among the out-of-town guests were Dr. and Mrs. Wade Preese of Waterloo, Ia., Mrs. Frank Molumby, Waukon, Ia., James Molumby of Decorah, Ia., and Mrs. Elizabeth Sutton of Fulton, Ill.

# Marvin Berschet Takes Ohio Girl as Bride

Candelabra, palms, baskets of white carnations, candles with greens and white ribboned pews formed the setting for the wedding of Miss Martha Jo Roberts, daughter of Mrs. Merrit E. Roberts and the late Mr. Roberts of South Charleston, Ohio, and 2nd Lt. Marvin Berschet, son of Mr. and Mrs. Walter Berschet of Arlington Heights, August 23.

Rev. Robert Thena officiated at the ceremony held at the Presbysterian church in South Charleston. Mr. Frock sang "Because," "With This Ring I Thee Wed," "I Love Thee" and "The Lord's Prayer," accompanied at the organ by Mrs. Marion Frock.

The bride wore a gown of white embroidered Swiss organza and taffeta fashioned with a fitted bodice, a yoke of nylon illusion, short sleeves and tiny covered buttons down the back of the bodice. Embroidered scallops decorated the neckline, and a dainty embroidered pattern on the bouffant organza skirt created a panel effect in front and the skirt ended in a cathedral train. Her fingertip length veil of nylon illusion was held in place by a tiara of orange blossoms, and she carried a cascade bouquet of white carnations. The bride was given in marriage by her brother, Edward Roberts.

Miss Patricia Jordan of Cleveland, Ohio, was maid of honor. She wore a yellow organza ballerina length gown fashioned with an embroidered bodice with matching embroidery creating an apron effect on the front of the bouffant skirt. She carried a cascade bouquet of daisies and ivy.

Vernon Rascher, cousin of the groom, was best man. William and Richard Mattinson, cousins of the bride, were the ushers.

A reception for 145 guests was held immediately following the ceremony at the home of the bride.

The couple are honeymooning in the Smoky Mountains and will temporarily reside at Nashville, Tenn., while the groom is stationed with the U. S. air corps at Sewart Air Base in Nashville.

## Roy Barr Attends Special Program

Roy C. Barr of 709 S. Mitchell ave., Arlington Heights, was among officials of the Blue Cross-Blue Shield group insurance plans, who went back to school at the University of Michigan from August 4 through August 23 to take a special executive training program.

Courses in the actuarial principles of pre-payment plans, health economics, management principles and relations, and accounting for management control were studied. Lectures on the history, background and ideals of Blue Cross and Blue Shield relations with hospitals, medical programs and members were featured.

Barr is an executive assistant with the Chicago department.

This program will be continued next summer.

## Mrs. Suthers To Lecture Women's Clubs

State Representative Marie H. Suthers, Republican, thirteenth district, will conduct a series of lectures on club ethics and parliamentary procedure at the Wilson Park field house, Wilson ave., at Milwaukee ave., Chicago, from 10 a.m. to noon beginning with the ifrst Thursday in September through September 25.

More than 200 women, representing 40 clubs in the seventh district, Illinois Federation of Women's clubs, with combined memberships of approximately 3,452, are expected to attend these classes.

Mrs. George Herrmann, 24 W. Sherman, Palatine, district parliamentarian, has been appointed chairman of this series of lectures with Mrs. Harvey J. Strickler Jr., 6328 Louise ave., Chicago, serving in the capacity of vice chairman and treasurer.

The seventh district was organized in 1900 and October 12, 1950, celebrated its golden anniversary, at which time a beautiful and instructive pageant was presented by members of the district, bringing that history up to date.

The regular meetings of the district are held in October and January; and the annual meeting is held in April. The executive board meets on the Thursday preceding the regular and annual meetings.

Mrs. E. J. Heckel, 6915 Hobart ave., Chicago, president, urges all club women to take advantage of these instructive conferences.

## Pepper-Miller Nuptials Sept. 6

Dr. and Mrs. James Roscoe Miller of Evanston have issued invitations to the marriage of their daughter, Roxelyn, and Richard Stanley Pepper of Palatine at 4 p.m. September 6 in the First Congregational church, Wilmette, and to a reception following in the Miller home in Evanston. Dr. Miller is president of Northwestern university.

The bride-to-be will be attended by her sister, Miss Jacquelyn Miller; Mr. Pepper's sister, Mrs. Leonard Golan; Miss Lois Siegel, and Miss Marilyn Dunkelberg of Pekin.

Miss Miller's brother, Randall, 11, shared in pre-nuptial entertaining by being host at a dinner for his future brother-in-law Monday. Mrs. Clarence E. Hutchinson of Waukegan gave a luncheon Friday for Miss Miller; Mrs. Loyal Davis gave a luncheon and shower Saturday, and that night Dr. and Mrs. Laurence E. Hines entertained at dinner.

Mr. Pepper's parents, the Stanley F. Peppers of Palatine, will give the bridal dinner and Miss Dunkelberg, the spinster dinner.

## Favorites for Flavor

By LOIS SEILER

Reputed to be a good cook, Mrs. Thomas W. Anning, a former home economics teacher, is sharing with us today her special recipe for a hot fudge sauce.

Two years ago the food editor of the Chicago Daily News was searching for a good recipe for a chocolate sauce. Mrs. Anning submitted hers and it was published in that paper.

This sauce is thick and not too sweet, and may be stored in the refrigerator several months before crystalizing. It makes a delicious topping for ice cream or brownies.

The Annings live at 305 S. Elmhurst rd., Mount Prospect. Mrs. Anning is a member of the Mount Prospect Woman's club and the South Church guild.

**Hot Fudge Sauce**

3 squares bitter baking chocolate
1½ cups sugar
Few grains salt
1/16 teaspoon cream of tartar
1 cup evaporated milk
1 teaspoon vanilla
2 tablespoons butter

Melt the baking chocolate in a heavy aluminum saucepan over low heat. Stir in the sugar, salt and cream of tartar.

Gradually add the cup of undiluted evaporated milk, stirring constantly. Continue cooking and stirring until this has come to a rolling boil.

Remove from stove, add vanilla and butter. Serve hot or cold.

Store in small jar with tight cover in refrigerator.

## Kappa Deltas Honor College Frosh at Tea

Northwest suburban alumnae of Kappa Delta sorority have invited those high school graduates of Arlington Heights and surrounding communities, who are entering colleges and universities this fall, to a tea September 4 at the home of Mrs. Roy O. Riser, 217 N. Ashland ave., Park Ridge.

Mrs. Joseph J. Nedwed, 1724 Stockton, Des Plaines, president of the alumnae group, is general chairman of the tea.

Alumnae in Arlington Heights assisting her are Mrs. Karl Shuart, 712 N. Fernandez, Mrs. Donald Thompson, 316 E. Euclid, and Mrs. Albert L. Seidel, 641 S. Bristol lane.

## Plenty of Men For Women In Cook County

According to the marriage statistical statement covering the period from January 1, 1952, to June 30, 1952, there are 19,917 unmarried males in Cook county as compared with 20,582 unmarried women. The report was released this week by Richard J. Daley, county clerk.

It's interesting to not, however, that from the age of 23 unmarried men outnumber unmarried women in the county. For instance in the 26 year old bracket there are 1,006 bachelors as compared with 541 single girls.

**THERE ARE** 1,518 widows and 1,333 widowers in the county. Women lead men in the number of divorces. There are 3,800 divorced women as compared with 3,719 divorced men.

The office of the county clerk has microfilmed 1,750,000 marriage licenses. By December 1952 they anticipate that approximately 2,250,000 marriage licenses issued by the county clerk of Cook county will be properly microfilmed.

# TALES of the STREET

—T. C. HART

● **TOLL OF TIME**

If anyone questions the fact that time takes its toll of the muscles, bones and activities of a person, he only had to be present at that ball game last week between the Palatine girls and the business men to see the fact clearly demonstrated that old Father Time just isn't to be denied.

Those sprightly girls gave the business men an awful shellacking. The old boys tried hard, so hard in fact, that some of them could hardly walk for days, but the old muscles just couldn't do the things they used to do. The spirit was willing all right, but the flesh was weak. Old Father Time had taken his toll and there just wasn't anything that the boys could do about it.

There were a lot of ball players of a past era on that big squad of business men. They showed that fact by the way they handled themselves, but the execution and accuracy of the past just wasn't there and the oldsters just had to bow to the ebullience and enthusiasm of youth as exemplified by that frisky bunch of girls who scampered around the field like a bunch of scared rabbits.

The game was a great affair despite the score. It was a real spectacle and it brought out the largest baseball crowd in the history of Community Park.

Palatine folks got more laughs and had a better time at that ball game than at community affairs in many years. Both teams entered wholeheartedly into the spirit of the occasion and everyone had a big time.

The most surprised man on the field was "Chuck" Moore, manager of the businessmen, who had scouted the girls' team in practice and thought they didn't show much and that his boys would have an easy time. "They didn't show anything in practice" said Chuck. "They looked easy. I thought there would be nothing to it, but wow, when they came on that field, what a team they really were."

And the laconic comment of Elaine Schwolow, manager of the girls' team was, "We saw Chuck sitting there watching us; of course, we didn't show anything in practice.'" And so manager Moore learned a few things about the enemy.

The big turnout of businessmen to take a hand in the feud was one of the surprises of the evening and the big crowd of spectators another. The folks liked the big show. It should be made an annual event. The businessmen should have recovered sufficiently by next summer to be willing to try it again.

● **FALL SIGNS**

These cool nights of the past couple of weeks are a vivid reminder that fall is on the way, and they aren't the only sign of fall either. The birds are beginning to bunch up as if getting ready to head for the southland.

There are huge flocks of blackbirds gathering together. The robins also are bunching up as if they felt that the summer up in this country was about over and the katydids who put in an early appearance this year are getting noisier as the days go by, forecasting that early frost that a lot of folks are looking for.

● **MORE TIME**

The farmers are hoping for some more summer weather before those predicted early frosts come along. They need some more good farm weather and warm nights to ripen up that bumper corn crop that is in the making. The rainy summer gave the corn a terrific growth of stalk and now some good weather is needed to mature those ears. There is a lot of fine looking corn in this area and with good maturing weather there should be some terrific yields.

Oscar Plate sent in a big stalk by Bill Kehe the other day that had two huge ears on it and a smaller one started, the silk on the big ears was already drying up showing that the corn was making good progress.

Fred Koester, out there in Plum Grove, says his corn never looked better but that the blue jays and woodpeckers are making raids on his field and eating the corn at the tips of the ears. The location of Fred's field right close to the woods makes it easy for the bird raiders to descend upon his crop for a good meal.

● **THOSE MOSQUITOES**

The mosquito plague which has been with us all summer long seems to have abated a little. The blamed insects evidently don't like the cool weather; they haven't been nearly as pesky during those cool evenings and it's really been possible to enjoy a night ball game or two as well as walk through the garden in the morning without being carried away by the blamed pests. It sure is a welcome feeling to get a little relief from the varmints.

● **"A BIRD WALK"**

That's the theme of the coming show of the Palanois Park and Plum Grove garden clubs which will be held at the Palatine township high school Sept. 6 and 7.

The artistic exhibits of flowers will be classified under the names of different birds. The meadowlark will have yellow as the basic color, the cardinal red, and so on down through a list of birds including the mocking bird, swan, snowy owl, woodpecker, sandpiper, stork, flicker, homing pigeon and many others.

These bird classifications should lead to many pretty and unique displays which will be well worth seeing. There will also be a junior division for the youngsters with the chickadee, robin and song sparrow as the basic themes.

Youngsters have always taken a prominent part in these flower and garden shows and this year promises to be no exception to the rule. The whole show should be a beautiful, interesting and educational exhibition, one which flower and garden enthusiasts will not want to miss. It's on next week, Sept. 6 and 7 at the Palatine Township high school.

● **SAD NEWS**

A lot of sad news for the taxing bodies of Cook county came out of the county treasurer's office last week when the local collectors were notified as to the amounts of money to be withheld from the taxing bodies to protect tax rate protests.

One collector gave a grunt of disgust when he got his letter saying "Some of my taxing bodies won't get anything out of this second collection."

Palatine taxing units which will be the hardest hit for the high school with $9700 withheld, District 15 with $9500, Village of Palatine $3300, town $1000, Township poor relief $900, Palatine park district $300, Palatine rural park district $100.

The boards of these taxing bodies will be hard pressed when they find that amount of expected revenue taken from them, as all of them have obligations to meet and were awaiting the funds from the second tax collection. It will mean more anticipation warrants will have to be issued later in the fiscal year, all of which is a part of the vicious cycle of warrants, interest, higher future levies and higher taxes the next year.

● **GOODS TO SELL**

"Curley" Brooks and the rest of the Illinois delegation of Republicans who visited candidate Eisenhower at Denver, gave "Ike" some sound advice. They advised Ike to "give the precinct workers something to sell to the voters." In other words, give them a platform which they could talk to the people about and not a wishy washy "me too" line of bunk that wouldn't convince anyone. So far, Eisenhower has produced nothing for the boys to talk about. He has even watered down his prepared speeches and so far it looks just like another "me too" Willkie, Dewey sort of a campaign that can result in nothing but a Democratic victory.

There has been a lot of high sounding talk about how the factions have got together, but if you talk with the man on the street, you'll fail to find this harmony. People are still disgusted and disheartened and it looks like more people than ever are going to stay away from the polls come November.

A huge section of the Republican voters agree with the former Democratic national committeeman who said "Taft would have been a much harder man to beat than Eisenhower. Senator Taft stood for something; no one knows what Eisenhower stands for and it's doubtful if he knows himself."

With that sort of a situation existing, is it any wonder that there is no enthusiasm and no drive behind the Republican campaign from the average run of voters who still believe they were once more "sold down the river?"

## Mrs. Gathman, Nonagenarian, Heads Five Generations

Mrs. Emma Gathman, 91, Roselle, formerly of Arlington Hts., is a great great grandmother five times, a great grandmother 44 times, and a grandmother 35 times. She is the mother of nine children, six of whom are still living.

Recently four generations of her family got together at her daughter, Mrs. Ida Kleinschmidt's home in Elberta, Ala., and took a family picture. Mrs. Gathman was unable to attend the reunion, which would have consisted of five generations of women had she been there.

Mrs. Gathman is on the right of the accompanying picture. The others are, right to left: Her daughter, Mrs. Kleinschmidt, her granddaughter, Mrs. Lillie Koehler, both of Elberta; her great great granddaughter, Naomi Hozey and her great granddaughter, Mrs. Frieda Hozey, the latter two of Pensacola, Fla.

Mrs. Kleinschmidt spent last week visiting her mother. Mrs. Gathman's other living children are: Will Gathman and Mrs. Martha Bach, both of Arlington Heights, Albert Gathman and Mrs. Fred Ollman, both of Roselle, Mrs. Gathman residing with the latter, and Ed Gathman, Elgin.

An older brother of Mrs. Gathman's is Fred Scharringhausen, 93, of Arlington Heights. She has another brother, Arthur Scharringhausen, 71, who also lives in Heights.

## JUST DOGS

by DAVE TERRILL

**Good enough**

Many people seem to think a pure-bred show dog must be given special care and that you can't make a pet or a real companion out of the dog. If so, then they have never met people such as Dr. Justin Fleischmann of Palatine whose Airedale Terrier, "Spunky" on June 1 of this year was entered in the Rubber City kennel club show at Akron, O.

The dog, whose registered name by the way is "Ardendale Our Best" is 2 years old and a champion of the breed, entered the show in which there were 743 dogs. When it was over he came up from the open classes to go on to win the coveted title of "Best In Show," awarded by Judge Alva Rosenberg of New York city. This, then, is one of those dogs who so many people think is a special kind of dog—yes, she is special especially to the doctor and his family; however, to practically everyone in the Palatine area she is "that dog which rides along with the doctor" in his station wagon whenever he is out making calls.

Winter and summer, in snow and summer sun, "Spunky" considers it part of her job to keep track of just where the doctor goes and there is no special fuss made over the dog about just how she looks etc., the doctor just does not have the time.

So far the only time the doctor has been able to give has been to spend some time training the dog in obedience work, but other than that all the care from a special show standpoint has fallen on her show handler, George Ward, because when the dog is at home she just fits into normal routine and that is it.

The dog was bred by Harold and Ardis Peet, of Deerfield, Ill., and it is of interest to note that the Peets are not what you might call professionals in the dog breeding and kennel business, but folks who just like good dogs that breed true to type and when fully grown will have certain traits which have been bred for generations within the breed.

This then is the argument gone over by many folks and proven by some that you can have a good pure-bred dog and at the same time make a family pet and companion out of him.

**Doggy country**

Speaking about people and their dogs brings to mind that the title of "doggiest country in the world" if you want to call it that, held for centuries by Britain, has now passed to the United States.

Britain, with a population of roughly 50 million people, claims a dog population of four million. In comparison, the United States according to Gaines research, with a population of over 150 million has a canine population of 22 million. The latter figure represents the greatest concentration of dog life of any other country on the globe.

National Tea Co. sales for the four weeks ending August 9, 1952, amounted to $32,498,277 as compared with $26,336,877 for the corresponding period of 1951, an increase of 23.39%.

Sales for the year to date amounted to $233,671,023 as compared with $220,377,557 in 1951, an increase of 6.03%.

Stores in operation at August 9 numbered 822 as compared with 623 last year.

## The Extinction Of a Species

***Laborador Ducks***

The extinction of the beautiful Labrador Duck makes a sad and pitiful story of cruelty and greed.

First the feather hunters made the innocent birds rare, so that the vain women of that century might have "hats" (which looked much more like chicken houses during the molting season) and that they might sleep on "eider down" pillows.

Then came the brutal market hunters using every known means of mass slaughter available to them, so that the wealthy families of the day might dine on duck when they pleased.

The Laborador Duck was 29 inches long, the males were black with white heads and markings; the females were grayish-brown above, and grayish-white below. Nothing is known of the nests or eggs.

This bird is not only extinct, but has so scant a record that it is almost as if it had never existed. They are only 42 recorded mounted specimens, and no preserved eggs.

It was not made known to science until 1788, after the notorious feather raids had ceased their deadly work. According to Newton, it was common along the coast of Labrador in the summer until about 1842. In 1844 Dekay stated that it was well known to gunners along the New York coast, but Giraud said that the bird was rare there. Elliott affirms that the duck was seen in considerable numbers in the New York markets between 1860 and 1870 but that full plumaged males were rare. Just five years later, in 1875, the last Labrador Duck on record died at the hand of man near Long Island, N. Y. It seems that humanity could not let even the last member of the species survive.

It is significant that its extinction occurred in the nineteenth century when marked improvements in firearms were accompanied by the extermination of far more species of birds than any other century since the dawn of history.

Is the twentieth century going to be better or worse? There are many other birds that are in grave danger of oblivion. Are we, the American public, going to allow these birds to go the way of the Great Auk and the Labrador Duck?

It takes sound conservation programs to stop the death of whole species of our American wildlife, and it takes plenty of money to build these programs. George Street wildlife preserve is no different. Please send contributions to me.

## THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

On Labor Day, Americans take time to celebrate the growth of the American labor movement. The working man and woman, through the efforts of great American labor organizations and their enlightened leaders, were instrumental in making the working man's job one of decent hours and decent pay. They championed employer's liability, safety measures, vacations with pay, greater job security, unemployment compensation, and other employee benefits which never would have been obtained except through organized labor unions.

During the past few years, however, many millions of Americans have begun to wonder whether labor unions, necessary as they are, have not reached a place where they should share responsibility for our national welfare.

No individual or group of individuals should ever be permitted to become so powerful that they can threaten the welfare of an entire nation with paralyzing strikes such as the recent steel strike; last year's coal strike; and the one which, as everyone who knows John L. Lewis readily knows, is in the immediate offing. It is conceivable that this coming winter thousands of homes heated by coal will be without fuel, and some industries may have to shut down temporarily, lessening production which must be increased if prices are to be lower, and causing wage losses to millions of workers which in these times they cannot afford.

Hindering tactics of unions, often joining with vested interests, have succeeded in holding up the development of many of America's great natural resources. There is no reason today why American homes and factories should not be run by electricity developed by building vast new hydroelectric plants; why Americans cannot live in better factory-built homes, quickly assembled at low cost; or automobiles should not go 100 miles on a gallon of gasoline instead of fifteen or twenty.

On September first, the laboring man and woman should look toward a better future of fewer working hours for greater pay through improved technology; and for an opportunity for cultural and educational development through increased leisure never before possible.

## JUST AROUND THE CORNER

from PATTY McARDLE

Dear Peg:

During a visit at the farm recently, Megan climbed up on the organ bench and insisted upon making a duet out of a prelude which I'm certain Chopin intended to be a solo. Now, I have never had organ lessons and I was finding it difficult to coordinate my feet and my hands—that was one strike against me. Also, I was struggling to read correctly this rather difficult piece of music and, to my chagrin, realized by glancing at the bottom of the page that things were not going to get better and that I had two alternatives: to give up now, or be vanquished in a few bars by a deluge of sharps and flats—that was two strikes against me. And, amidst all this frustration, my frist born started dropping her hands heavily on the keys, adding just a wee bit more discord to "Mama's" already ample amount — that was three strikes and I was out of the major key into the minor—depressed, conquered and very annoyed!

However, as I dejectedly took my hands from the keyboards, my attention was caught and held by my daughter's tiny hands vigorously attacking the keys and I thought of another pair of little hands which years ago did exactly the same thing, while a mother sat playing a piano.

**IT OCCURRED** to me that perhaps, even now, an inherited love for music was seeking to find expression, just as it had in me when I was no older. And, perhaps even this was the beginning of a continuing interest that would lead to the study of some phase of music.

If a child is at all inclined to be musical—whether in playing an instrument, dancing or singing—parents should make every effort to encourage the inclination. For, it not only affords an "outlet" for the growing child (Mother could easily sense my mood by the way in which I practiced the piano) but it also offers a much-needed satisfaction to a child, particularly during his "teens," to be able to do something a little bit better than the others, thereby gaining the praise and approval of his classmates. In later years, there is much pleasure and relaxation to be found in being able to sit down at the piano (as in my case) and entertain your children or just yourself. And, most important, through the study of some particular part comes the appreciation and love of all music, which, to me, is character-building.

I am so fond of these lines, Peg, because they express what the world of music means to me and what I hope it will mean to my children:

**"Music"**

"Servant and master am I! Servant of those dead, and master of those living. Through me spirits immortal speak the message that makes the world weep, and laugh, and wonder, and worship.

I tell the story of Love, the story of Hate, the story that saves and the story that damns. I am the incense upon which prayers float to Heaven. I am the smoke which palls over the field of battle where men lie dying with me on their lips.

I am close to the marriage altar, and when the graves are open I stand near by. I call the wanderer home, I rescue the soul from the depths. I open the lips of lovers, and through me the dead whisper to the living.

One I serve as I serve all; and the king I make my slave as easily as I subject his slave. I speak through the birds of the air, the insects of the field, and crash the water on rock-ribbed shores, the sighing of the wind in the trees, and I am even heard by the soul that knows me in the clatter of the wheels on city streets.

I know no brother, yet all men are my brothers; I am father of the best that is in them, and they are fathers of the best that is in me; I am of them, and they are of me.

For I am the instrument of God.

I am music."

My love,
Patty.

# Ask Farmers to Hold Down Wheat Plantings

Illinois farmers, on a state wide basis, are asked to hold down their fall wheat plantings to an acreage somewhat lower than a year ago.

Mr. Bormet, speaking as chairman of the county agricultural mobilization committee, stated a goal of 1,725,000 acres of wheat to be planted for 1953 harvest had been established for the state. This, he said, is 9 percent less than the acreage actually seeded for the 1952 harvest.

The purpose of setting up goals is to provide farmers with guides so they can keep production of farm commodities in proper balance. This year's big crop has furnished a large supply of wheat—and this in itself serves as a logical reason to cut down on next year's production. We know, too, the continued piling up of supplies usually leads to price reduction and possibly to production restrictions. Furthermore, for this coming year there are other crops on which some increase in acreage is needed and acres otherwise intended for wheat might better be used for this purpose. This is especially true of feed crops.

Chairman Bormet asked all wheat farmers to bear these facts in mind when they make final farming plans. There are undoubtedly a few farmers, he said, who have already plowed for wheat. These farmers might give some thought to putting a few of these acres into rye—or better still, into a good fall seeding of alfalfa.

## Chickens Do Better Without Coccidiosis

A University of Illinois veterinarian urges poultrymen to think twice before accepting the idea that every chicken should have coccidiosis.

Dr. J. O. Alberts of the college of veterinary medicine, says chickens should no more have coccidiosis so that they will be immune after they recover than children should have measles or polio. Dr. Alberts adds:

"Profitable poultry raising calls for keeping coccidiosis out of your flock. And there is still no substitute for sanitation and good flock management when you want healthy chickens."

Here is how you lose by letting your flock have coccidiosis: Some birds will die, others will be stunted, many of them will not utilize their feed efficiently, gains will be interrupted and you'll have to buy expensive drugs to control the infection.

To prevent coccidiosis, use sanitary feeders and waterers, prevent overcrowding, keep the houses dry and raise the flock on rotated ranges.

Like most disease, coccidiosis prefers damp, warm surroundings with limited sunlight.

# Buy Good Tile For Better Drainage Setup

A good tile drainage system starts with good tile.

Farm adviser Carl F. Mees says your farm system will not give you the long life and trouble-free service that it should unless you buy strong, durable tile at the start. A tile system is no stronger than its weakest tile.

When you buy, look first for tile that are uniformly round with smooth, even edges so that they will match easily when laid in the line, Mees suggests. Then be sure the tile is free of cracks, chips and popouts, since these indicate weakness.

**ANOTHER** characteristic of good tile is a low water absorption rate. The lower the absorption rate, the better the tile will stand up against frost action. Finally, you need strong tile to stand up under the weight of the soil which covers it and the machinery which will pass over it.

You can look at a tile and tell whether it is round and doesn't have any cracks. But it takes a laboratory test to determine its strength and density. You can ask your tile maker for test results, or you can buy it by grade — either standard or extra-quality. These grades are set up according to the requirements of the American Society for testing materials. Standard is good enough for lines less than six feet deep. For deeper lines use only extra-quality.

**COST OF** tile varies with the size but is roughly a cent a pound. It is important to remember that good tile costs no more than poor tile, so it's up to you to ask for good tile.

For further information ask the county farm adviser for a copy of Circular 696, "Buying Good Drain Tile," or write directly to the College of Agriculture, Urbana, for a copy.

## PMA Elections In September

PMA farmer-committee elections will be held in over 1,500 communities in Illinois from September 8 through Septmeber 17, Harry M. Combrink, chairman of the state PMA committee, announced. Elections will be conducted by mail so each eligible farm owner and operator can mark his ballot in the confines of his own home.

Practically all farmers are eligible to vote. The election will name community committeemen and delegates to a county convention where the county committee to operate 1953 PMA programs will be elected.

**THE COMMITTEEMEN** elected will be responsible for the local administration of the agricultural conservation program, price support operations, and production adjustment programs. They will take office October 1 and will serve for one year.

Mr. Combrink emphasized that this year these elections are of even more significance than usual. Community committeemen will have added responsibilities in administering the 1953 agricultural conservation program. They will visit the farms in their communities to assist individual farmers in determining the conservation needs of their farms and in making the most effective use of program assistance and services in meeting their needs.

Every eligible farmer is urged to plan to cast his vote.

## Wonder Drug Increases Pork Production

You may have taken aureomycin for a strep throat, but pigs get this "wonder drug" to help them grow faster. There's no arguing the fact that the two pigs on the right side of the scales weigh almost the same as the three on the other side.

They're from the same litter, and received the same diet (peanut meal and corn), except that the two heavier ones also received aureomycin and vitamin $B_{12}$. Farmers throughout the country are using feeds containing this antibiotic to speed up the growth of pigs, chickens, turkeys and calves.

*Notes on Farming*

## Soybean Losses Behind a Combine Can Cost Money

Soybean losses behind a combine can cost you money. Spot checks in 1951 under ideal harvesting conditions showed losses up to 2.4 bushels per acre, with a 2-bushel average. To find out how many bushels per acre you are leaving, count the beans in an area containing nine square feet. Thirty-three soybeans for each nine square feet means a loss of one bushel per acre. Do this in several spots in the field. If your losses are too high (over two bushels per acre), consult your owner's manual or see your local farm machinery dealer.

There is still time to plant winter rye or winter barley for fall pasture. Winter barley is not so winter-hardy as winter rye; therefore it can be used only in southern Illinois. In the southern part of the state, winter rye is preferred because of its extra winter-hardiness. However, if you cannot get seed of winter rye, winter barley does make good fall and spring pasture. Seed any time during September.

**DAIRY:** It pays to get your fall freshening cows off to a good start. Dairy prices are usually at their peak in the fall and cows that freshen at this time of year produce more milk and butterfat than cows that calve at other periods. So adequate dry periods, proper conditioning and careful management of the fall freshening cows will pay attractive dividends.

Sows that calve in early fall may be conditioned largely on good pasture, provided they have dried off so that they will have a 40- to 60-day dry period. Feed enough balanced grain mixture to get the cows in good condition by freshening time. Changing to a light, laxative feed during the last week or two before calving will help keep the udder in good condition. Keep grain allowances light and increase the grain slowly after freshening. Heavy feeding of the best quality roughage available and carefully balanced grain mixtures within the limits of good dairy management should be money-making practice this fall.

**ENTOMOLOGY:** Fall is the time to treat livestock for mange and lice. Treatment now will clean up an infestation and greatly reduce the chance of having a serious problem develop this winter. On non-dairy cattle use a spray of BHC containing one pound of the gamma isomer to 100 gallons of water. On dairy cattle it is better to use lindane—which is the same insecticide but is odorless—one-fourth to one-half pound of actual lindane per 100 gallons of water. Then repeat the treatment two weeks later. For animals less than a year old, use one-fourth pound of the gamma isomer of BHC or one-fourth pound actual lindane to 100 gallons of water. Do not use BHC on animals to be slaughtered this fall. In this case use lindane.

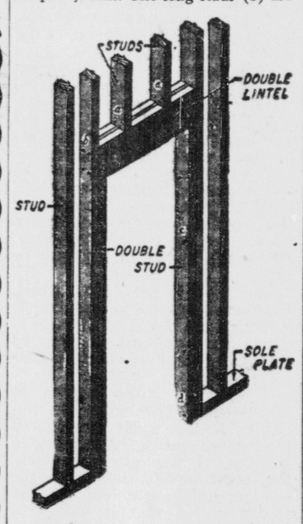

Cows bloat in late summer as well as during the earlier part of the pasture season. When you turn your cows on new feeding and hay fields, watch them carefully and follow normal practices in avoiding bloat. Feeding hay at this time of year will help to maintain production and prevent bloat.

### To Frame Door Opening

HOME craftsmen on occasion need to frame a door opening in a wall or a partition. *American Builder*, trade magazine authority on building construction, offers the correct procedure, quoted here, and the accompanying illustration.

Studs (a) above the opening are toenailed to each part of the lintel with 10-penny nails. The long studs (b) are

nailed to ends of each part of lintel with two 10-penny nails and toenailed to the sole plate with two 10-penny nails.

The double studs (c) are nailed together with 10-penny nails spaced 16 inches and staggered as shown. Studs alongside the opening (d) are nailed into the end of the sole plate with two 10-penny nails. Note that studs supporting the lintel do not rest on sole plate but on subfloor and joists.

## UI Professor Develops New Rose Variety

A professor of agricultural economics at the University of Illinois has recently completed one research project few members of his profession are ever likely to accomplish.

G. L. Gordon, authority on prices in the college of agriculture, has developed a promising new rose variety, the Mardi Gras.

Dr. Jordan has been experimenting with rose breeding as a spare-time hobby for many years. In 1946 a bud from the hybrid later named Mardi Gras was sent to the Jackson Perkins Company for propagation. Last year 20,000 Mardi Gras rose bushes were sold to west coast greenhouses, which shows how fast the increase from one bud to thousands of plants can be made.

The new rose is described as medium sized, with rich velvety red color and good petal substance. It is hardy and will resist the winter cold and intense summer heat.

Mardi Gras is expected to be offered for sale generally as a garden rose next year.

# Leafhopper Damage High On Hay Fields

Thousands of yellowed acres which should be emerald green touched with purple of alfalfa in bloom are evidence throughout northern states of a hayfield disaster which may cripple the nation's livestock feeding program during the coming fall and winter.

A villain feeding on the leaves has drastically cut the alfalfa crop. It is a tiny insect, less than a quarter-inch long, called the potato leafhopper. These were the states toward which stockmen in southern and central states were looking for hay supplies, following the drought which dried up most of the hay in their sections.

**LEAFHOPPERS** are an annual threat to hay crops all over the nation, entomologists point out. This year, ideal weather conditions to favor their activities have combined with one of the heaviest leafhopper populations ever observed. The yellowing of fields, which some farmers blame on mineral deficiencies or hot weather, is in almost all cases caused by leafhopper damage, it is pointed out.

Conservative estimates in several north central hay growing areas set the loss due to these insects at about 50 per cent of the anticipated second, and final, cutting of alfalfa. Leafhoppers, it is declared, have destroyed enough hay to have fed the cattle in drought areas through the winter.

**IRONICALLY,** this leafhopper invasion has taken place in the year when experimental work has uncovered the first usable program for controlling this hayfield menace with an insecticide. While a number of the modern insecticides will kill leafhoppers, many of them leave toxic residues on the cut hay which would show up in the flesh or milk of cattle consuming that hay.

This summer, successful control of leafhoppers has been obtained with sprays of an emulsion containing methoxychlor, an insecticide which does not present toxic hazards to either livestock or human consumers of livestock products, when used for this purpose. Striking contrasts are to be seen in fields where sprayed portions are covered with the lush green of healthy alfalfa, while unsprayed sections show only yellowed leaves, flecked with brown spots where "hopper-burn"—the feeding damage caused by leafhoppers—has devastated the crop.

## 'New Swine Disease Does Not Apply Here,' Say Local Hog Raisers

There are a number of large hog raisers in the area of Wheeling township who claim the hogs they send to market are free from the "new swine disease," mention of which was made in these columns in the August 15 issue of Paddock Publications.

Herbert Proesel and Geo. Everet, who feed garbage to hogs, say hogs raised by them are as clean as any sent to market. When received as pigs they are vaccinated against cholera and other diseases.

They believe veterinarians at the stock yards now realize the new disease they are attempting to stamp out was brought into Cook county by animals shipped in.

"It is to our interests," says Everet, "to handle only healthy animals if we want the highest prices. At a recent tests our hogs were rated prime stock."

# Hessian Fly Outlook Like '51

The Hessian fly infestation showed a significant upward trend in April but seemed to level off or decline in June so that the population at harvest time was little changed from that of last year. The infestations are highest in the south-central counties, centering in Bond county and extending out 50 to 75 miles in all directions. The lowest populations are found in the northern half of the state.

It is important, however, that farmers generally continue to observe the recommended seeding dates and destroy volunteer wheat in all areas. Community effort is needed to bring this infestation back to a lower level in threatened areas and to hold it under control elsewhere.

**ADULTS** of the Hessian fly are present on relatively few days during the fall; and if wheat plants are not available, eggs will be laid on other plants, where survival is very low.

Remember that planting dates recommended for fly control are also the dates when highest yields may be expected, whether the fly is present or not. For Cook county the recommended seeding dates are September 19-22.

Community effort toward timely planting and destruction of volunteer wheat will keep down Hessian fly infestations.

Wheat jointworm is generally more abundant than Hessian fly, and the damage may be confused with fly damage. Control of jointworm is possible only by destruction of wheat stubble on a community-wide basis.

## In Virginia

Pvt. Jerome N. Schaefges, son of Mr. and Mrs. Henry Schaefges of Palatine rd., Mount Prospect, recently graduated as honor student in the air compressor operators course at the engineer replacement training center, Fort Belvoir, Va.

The course, trains soldiers to become air compressor operators by actually working on the job under supervision of highly-trained instructors. During the five-week course conducted on a voluntary basis, the soldier also spends considerable time in the classroom where he learns the fundamentals and latest developments of his specialty by participating in discussions, lectures and demonstrations.

In recognition of his leadership in the class of engineer specialists, Pvt. Schaefges has been awarded a certificate of achievement by Brig. Gen. Albert C. Lieber, training center commander.

Pvt. Schaefges entered the service last February.

## In Korea

Cpl. Robert H. Wolff, son of Robert A. Wolff, Route 1, Quintens rd., Palatine, is serving with the 7th infantry division on the west-central front in North Korea.

Patrols from the 7th are battling the Reds in the strategic iron triangle sector near Khumwha, while tank and artillery guns pound at deeply-entrenched enemy fortifications.

A wireman with headquarters company of the 32nd infantry regiment, Wolff entered the army in May, 1951, and arrived in Korea last January. He has been awarded the Korean service ribbon.

He was formerly employed as a lineman with the Pacific telephone and telegraph company.

***Kenneth A. Rash*** son of Mr. and Mrs. E. A. Rash, Jr. of Mt. prospect, who recently arrived at the navy's advanced training command at Corpus Christi, Texas, receives special instruction in the operation of a Fluxgate compass.

Rash, a student at Northwestern university, is one of 1,600 Midshipmen from 52 colleges and universities who underwent three weeks of NROTC midshipmen training at the naval air station, Corpus Christi, Texas. While there the Midshipmen received training in all phases of naval aviation, including actual flying of the huge PBM "Martin Mariner," a navy twin-engine flyig boat.

## At Glenview

The first assignment of duty for anyone enlisting in the marine air reserve is to complete boot training. Pvt. James Miller of Wheeling, son of Mr. and Mrs. A. J. Miller, is pictured above catching in a softball game after completing boot camp at Glenview, where he is a member of marine fighter squadron VMF-543, a weekend warrior outfit.

The training was condensed into a 30-day period but followed the pattern of the traditional marine corps boot camp.

FRIDAY, AUGUST 29, 1952

## In Wisconsin

The 391st chemical smoke generator company, Chicago area army reserve unit commanded by Capt. Edward J. Coyle, was at Camp McCoy for its annual summer training. Members of the unit are residents of Chicago, River Forest, and Palatine.

During its stay, August 10-24, the 391st was engaged in intensive on-the-job training in its primary mission, that of transportation, maintenance, and operation of the chemical smoke generation in the field under tactical conditions. In addition, personnel of the unit are spending some time on the firing range and in physical training.

From Palatine were Pfc. James E. Morse and 1st Lt. Richard J. Roach.

***On the pistol*** range at Camp McCoy, Wis., working out with the 327th military police battalion for two weeks was M/Sgt. Gene S. Balke, 617 Oriole Lane, Prospect Meadows. He is pictured above, ready to fire, with two other members of the group.

## In Georgia

Thirty-two Ripon college ROTC cadets have recently completed their six weeks' summer training course at Fort Benning, Ga.

In addiiton to experiencing army routine and procedures, the cadets underwent extensive training in the firing of latest weapons. After familiarization with the carbine, Browning automatic rifle, the machine gun and the pistol, all Ripon cadets qualified on the firing range as either "marksmen" or "sharpshooters."

Included in the group were Marvin Prellberg of Arlington Heights, who gained a marksman rating with 137; and Andy Palm of Mt. Prospect, who hit a marksman rate of 145.

## In Korea

Pvt. Richard F. Wegrzyn, son of Mr. and Mrs. Peter Wegrzyn, Route 2, Palatine, now is on security duty with the 1st Cavalry Division in Japan.

His unit currently is undergoing extensive aerial movement and amphibious training on the northermost Japanese island of Hokkaido. It was transferred to Japan last December after 17 months of combat.

Private Wegrzyn entered the army last January and was stationed with the 6th armored division at Fort Leonard Wood, Mo., before going overseas.

Before entering the army he was employed as a machinist at Arlington Seating company.

## In Korea

Robert F. Wegrzyn, whose wife, Karen, and parents, Mr. and Mrs. Peter Wegrzyn, live on rte. 2, Palatine, recently was promoted to sergeant first class while serving with the 25th infantry division in the eastern Korean sector.

SFC Wegrzyn, an assistant platoon sergeant in company D of the 35th regiment, arrived in Korea last February and has been awarded the purple heart for wounds received in action.

Wegrzyn entered the army in August, 1950.

## Info on GI Schooling Available to Vets at High School Office

The high school, as a public service to veterans since Korea, had duplicated, by permission of the Veterans' Administration, Washington 25, D. C., a ten page fact sheet which includes a summary of the new GI Bill for veterans who have served since Korea.

Veterans interested in receiving a copy of this fact sheet may write the office of the high school superintendent requesting a copy of the same. A self-addressed envelope (stamped) should accompany the request. The information given in this fact sheet is thorough and complete.

## From Korea

Marine Sgt. Robert E. Camm, son of Mr. and Mrs. Earl Camm, Wheeling, arrived in San Francisco last Monday afternoon from Korea. He told his mother, whom he called long distance a few minutes after he landed, that he expects to be home in a few days for a 30-day leave.

### CALIFORNIA IN SCARSDALE

Rarely has the idea of outside-inside living been so gloriously realized as in this ULTRA DE LUXE RANCH in lovely Scarsdale Estates. Planned for each other, the house and gardens permit a freedom of living truly unusual and wonderfully satisfying. 6 very spacious rooms, all expensively carpeted, arranged with gracious foyer entrance giving access to all rooms without "traffic pattern." The fully glazed and screened patio adjoins the dining room and overlooks a paradise of gardens, shaded flagstone terraces and one of the most extensive and professionally equipped barbecues we've seen. The ½ acre site, which has all city conveniences, is so completely private, you'll get the desired impression of being on "your own little island." Has all the sought after features, including fully equipped laundry on same level, radio controlled garage, macadam drive, etc. Reasonably priced for quick sale.

# Labor Day

By tradition Labor Day has come to mean a day of tribute to the great heroes and achievements of the American labor movement —a purpose we join most heartily.

But this year let us give special thanks that we celebrate Labor Day in America—a land of free men, not slave laborers.

# New Ideas In Homes

**THE AVENAL** has a floor construction consisting of a concrete slab laid over a gravel or cinder bed and the superstructure is frame with wide siding, asphalt shingles and vertical siding in front recess and on storage room walls.

The furnace is centrally located near the fireplace, laundry equipment and storage closets in the utility room off the kitchen-dinette, stove and refrigerator on the inside wall, sink and counter under side and windows and dinette in front.

A combination living-dining room to the rear, two bedrooms, wardrobe closets, bathroom, linen cabinet and coat closet complete the floor plan.

The carport is connected to the front entrance by a covered walk behind the raised planting box.

Floor plan measures 38 feet by 33 feet. Overall area totals 1,138 square feet, while the cubage totals 12,859 cubic feet.

For further information about THE AVENAL, write the Small House Planning Bureau, St. Cloud, Minn.

## Mrs. Anna Israel

Funeral services were held Monday at Palatine Lutheran church for Mrs. Anna Israel, who has made her home the past 11 years with her daughter, Mrs. Dan Haemker, 215 W. Chicago ave., Palatine.

Because of the absence of Rev. H. Th. Rosenberg, the service was in charge of Rev. L. V. Stephan of Arlington Heights. Interment was in Mount Prospect Lutheran cemetery.

Deceased was born in Chicago December 26, 1877. As Anna Meyer, she married William J. Israel April 21, 1906. The family resided in Mount Prospect 23 years. Mr. Israel died 13 years ago.

There remain two daughters, Mildred Leark, Arlington Hts., and Mrs. Ruth Haemker, Palatine; two sons, Ludwig, of Villa Park, and William, of Palatine; ten grandchildren, and three sisters, Mrs. Robert Graumann Sr., Mrs. Emma Block of Chicago and Mrs. Mary Seidell of Forest Park.

## Frank J. Schmidt

Funeral services will be held Thursday, August 28, for Frank J. Schmidt, 73, late of Park Ridge, former resident of Palatine township, at 1:30 p. m. at Black's Funeral Home. Rev. Allen Fedder will officiate. Interment Memory Gardens.

Mr. Schmidt was born December 4, 1878, in Germany. He lived for many years on a farm in Palatine township. His wife, Mary, nee Wilke, preceded him in death in December 1943. He died August 25 in St. Francis hospital, Evanston.

He leaves five children, Herman of Palatine, Viola of Edison Park, Mrs. Marie Collins of Barrington, Frank B. of Mount Prospect, and Raymond of Barrington; six brothers; four sisters, and eight grandchildren.

**CARD OF THANKS**

We wish to thank our friends and neighbors and also Pastor Stephan of Arlington Heights for their kindness in our recent bereavement. Also want to thank Palatine Police Dept. for their escort.

## Chanzy Dattolo

Funeral servicse will be held Friday, August 29, for Mrs. Chanzy Dattolo, nee Ardizzone, 5106 N. Keller ave., Chicago, former resident of Arlington Heights, at 8:30 a. m. from the funeral home at 1158-60 W. Grand ave. to Sancta Maria Addolorata church, May and Erie sts. Interment Mount Carmel.

Her husband, Tom, preceded her in death.

She leaves two sisters, Mrs. Francis DiCola and Mrs. Tina DeSplaines.

**IN MEMORIAM**

In loving memory of our dear beloved daughter and sister, Lorraine Schweitzer, who passed away 8 years ago, Sept. 2.
Away in the land of sunrise,
Separated by Heaven's gold door,
Our loved one is patiently waiting,
Not dead, just gone on before.
God took you home; it was His will,
But in our hearts you liveth still.
Mother, Father,
Sisters, Brothers.
(BDR

**CARD OF THANKS**

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

## Start Foundation For Ford Parts Depot

Excavation has begun for foundations of the new Ford division service parts depot and office building to be erected on North ave., near Mannheim rd. Pouring of concrete began this week and completion of the building is planned for August, 1953.

The combination parts depot and office building will provide 204,000 square feet of floor space. Fronting the building will be a two-story air-conditioned office structure of 36,000 square feet. The balance of the space will be devoted to service stock storage and handling. Built on a structural steel frame, the building will have a face brick and steel sash exterior and an insulated steel roof will cover the depot area.

The 300-foot wide structure will be set back 180 feet from the center of North av. The building is to be 620 feet long. Rail service will be by the Indiana Harbor Belt line.

## At Culver

Two hundred and twenty midshipmen, woodcrafters and troopers are candidates for graduation from the Culver, Indiana, military academy summer schools when the current eight-weeks session closes Saturday, August 23.

Actual commencement activities started August 20.

Graduation exercises will occur at 8:00 a. m. Saturday at which time diplomas will be presented and final awards will be announced.

Lt. and battalion commander Richard H. Winterbauer, son of Henry T. Winterbauer, 550 Banbury rd., Arlington Heights, is a candidate for graduation from the Culver summer naval school August 23.

He has been attending Culver this summer with boys from 40 states, the District of Columbia and ten foreign countries.

## At Culver

Mid. Don J. Gage and Dale W. Johnson from Mt. Prospect, have been awarded the Tuxis bronze medal by the Culver military academy summer schools where they were spending this summer in the naval school.

Gage and Johnson are now eligible to begin work on their Tuxis silver medal which requires more advanced accomplishments. They are the sons of Edgar S. Gage, 314 S. Wille st., and Charles L. Johnson, 317 S. Albert st., Mt. Prospect, respectively.

## Weekly Recipe

Rice is a nutritious food and can be an important addition to your family menu. It can be served in main dishes or can be used in desserts. I have two dessert recipes for you this week — Strawberry Rice Pudding, and Rice and Fruit Parfait.

**Old Fashioned Strawberry Rice Pudding**

½ cup rice (long grain)
1/8 tsp. salt
2 cups strawberry drink, scalded—do not boil

Method: Pick over rice and wash carefully. Drain. Pour scalded strawberry drink over the rice; add salt. Bake in preheated oven at 350 degrees for 35 to 40 minutes. Stir occasionally.

Yield: 5 servings.

**Rice and Fruit Parfait**

1½ cups cooked rice
1 cup chopped fresh fruit
1 cup whipping cream, whipped
1 cup confectioners sugar

Method: Thoroughly mix the rice, fruit, and sugar. Fold in whipped cream and place in six individual serving glasses. Garnish with red cherry, strawberry fan or red raspberries.

## Need Nurses' Aides

Vital assignments are open for women who can volunteer their services as Red Cross nurses' aides at the veterans' administration hospital and in the Chicago chapter Red Cross defense blood program.

Classes to train daytime volunteers will open at 529 S. Wabash ave., Friday, September 12, 10 a. m. to 12:30 p. m., and for evening volunteers, Tuesday, September 16, 6:30 p.m. to 9:00 p.m. Nurses' aides take 80 hours of training, part of it lectures and the other half on-the-job practice at Cook County hospital.

## Reserve Signal Company

The latest addition to the army reserve units at the west armory, 4454 W. Cermak rd., Chicago, is the 819th signal radio relay company.

Drill nights are Tuesday nights and there are still many good openings for reservists and veterans. WACs and no previous service personnel can also become members of the company.

Additional information can be secured by calling in person, or phoning at the armory, Lawndale 2-1021 or Lt. E. R. Sojka, Brookfield 951.

Says Little Mr. Helping Hand:

Does the Thought of Asking for a Loan Give You the Jitters?

"Have you got the idea that some ogre will sit in judgment on you, ask you a lot of questions, shake his head disapprovingly, and then tell you to come back for his decision?

"Take it from Little Mr. Helping Hand, that won't happen if you go to Roy Geyer, manager of the Des Plaines branch of the Imperial Credit Company. He'll roll out the red carpet for you. And you can count on walking out within 30 minutes with your money, borrowed on just your signature.

"Here's an idea! Phone him first; make all the arrangements over the phone; then Roy can have your money waiting for you. Believe me, you'll never know how pleasant borrowing can be until you do business with Imperial."

## At Culver

Mid. Richard E. Riley from Arlington Heights, has been awarded the Tuxis bronze medal by the Culver military academy summer schools where he is spending this summer in the naval school.

The bronze medal is awarded to midshipmen after they have demonstrated proficiency in five different phases of the Culver program. These accomplishments must be in individual and competitive athletics, military proficiency, seamanship, academics, and social activities.

Riley is now eligible to begin work on his Tuxis silver medal which requires more advanced accomplishments. He is the son of Earl K. Riley, 738 S. Mitchell, Arlington Heights.

## At Iowa

Dale Thomas Kincaid graduated from the University of Iowa August 6. He majored in industrial design. Tom was a member of the track and swim teams and lettered in both sports. He participated in the annual East-West swim meet in Ft. Lauderdale, Fla., two consecutive years.

Lt. Kincaid received a commission in the United States air force May 29, 1952. He has been accepted in flight school. Tom is now on inactive status and is awaiting orders.

EDITOR: *Tom will be remembered by students of Palatine high school of the 30's as the baby introduced by his dad, then science instructor Harry Kincaid, to the tune of salt water taffy instead of cigars.*

## At Normal

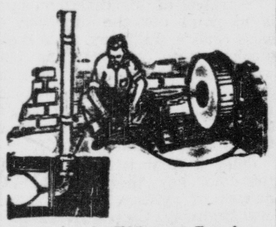

"Roads from all directions apparently are leading to Normal and Illinois state normal university this fall,'" ISNU President R. W. Fairchild said, just one month before registration of freshman students September 11. He based his statement on students entering for the first time from 263 towns in 61 of the 102 counties in Illinois. There are 616 students who have been granted permits to register. This represents 92 more than at the corresponding time last year.

## At Navy Pier

Registration for the fall semester at the University of Illinois' Chicago undergraduate division will start Thursday, September 11, at Navy pier. Two hundred freshman and sophomore courses will be offered in liberal arts, commerce, engineering and physical education. Classes will begin Monday, September 15. An enrollment of 3,500 is expected.

# Modern Etiquette

by ROBERTA LEE

Q. What is the proper procedure for late arrivals at church service?

A. Enter the church very quietly. If a hymn is being sung, proceed to your seat. If you enter during prayer, wait in the vestibule or at rear of the church. It is unlikely that you ever would be tardy enough to enter during the sermon, but should this happen, slip quietly into a back pew.

Q. Whose place is it to propose a toast at the reception to the bride and bridegroom?

A. The best man, and members of the wedding party and the guests rise to drink the couple's health. Whereupon the bridegroom rises and expresses thanks for himself and his bride.

Q. How should one point the prongs of the fork when cutting and conveying food to the mouth?

A. The prongs should point downward while cutting the food, but should point upward as the food is lifted to the mouth.

Q. How does a married woman sign her name to documents?

A. A woman who was born Ruth Clark, and who married James Taylor, would become Ruth Clark Taylor, and should sign her name that way, or as, Ruth C. Taylor. The prefix "Mrs." is used only in a letter to a very slight acquaintance or a stranger, and always this prefix is enclosed in parentheses.

Q. When writing a social letter, is it proper to close the letter with "Respectfully yours?"

A. No. This form is used for business letters, or when an employee is writing to his employer. If the person is of equal social position it would be better to close the letter with "Sincerely yours."

Q. When helping oneself from a dish that is passed at dinner, which contains both a fork and a spoon, which does one take in the right hand?

A. The fork is taken in the right hand, the spoon in the left.

Q. Is it true that women shake hands more than they formerly did?

A. Although society still does not require it, women are shaking hands more than they used to—and I'm all for it. Nothing can take the place of a sincere handclasp when meeting a friend or acknowledging an introduction.

Q. If the list of wedding guests is so small as to make engraved invitations unwarrantable, how should the invitations be extended?

A. In this case, the bride may write personal notes of invitation.

Q. Is it correct for a woman who is traveling alone to use the prefix "Miss" or "Mrs." when registering at a hotel?

A. Yes; so that the hotel employees know how to address her.

**Some 500** of the finest young model plane flyers in the United States and Canada began putting their planes aloft in the "Olympic games of model aviation," Plymouth Motor Corp.'s sixth international model plane contest in Detroit over the week end. These contestants, greeted upon arrival by pretty Jean Johnson of Detroit, are (left to right) Tom M. Gates, 15, 1505 Ridgewood dr., East Lansing, Mich.; Richard A. Modler, 16, 1721 Kensington, Dayton, Ohio; Donald R. Bates, 16, 913 N. Harvard, Arlington Heights, sponsored by Drover motor co.; Donald R. Gehrke, 11, 4051 W. 166th st., Cleveland, and Don H. Helfers, 17, 16 E. Northwest hwy., Arlington Heights, sponsored by MacNevin motor sales.

The boys were invited on the basis of outstanding records made in 20 elimination meets and are competing for $4,725 in savings bonds and 103 beautiful trophies.

## Clifford Dahlin Named Lutheran Council Head

The appointment of Clifford E. Dahlin, 7629 Crandon, as executive director of the Lutheran council of greater Chicago was announced by the Rev. H. J. Gockel, of Wilmette, president of the council. Office has been established at 343 S. Dearborn, Chicago.

The Lutheran council of greater Chicago was organized in 1949 for the purpose of coordinating and implementing the common interests and purposes of the 300 Lutheran churches in the Chicago area.

## Red Cross Classes

Free classes in Red Cross home nursing and in mother and baby care will open at Chicago chapter Red Cross headquarters, 529 So. Wabash ave., Chicago, September 9 and 10.

Both afternoon and evening sessions will be held twice a week for the convenience of local homemakers. The home nursing classes will meet from 2 to 4 p.m. or from 6:30 to 8:30 p.m. on Tuesdays and Thursdays for seven sessions, beginning September 9. The mother and baby care classes will be held at the same times on Wednesdays and Fridays for six sessions, starting September 10.

## Four Directions May Become Four Colors Along U.S. Highway

According to the Chicago Motor club, highways of the future may be bedecked with colored highway markers.

Matthew C. Sielski, director of safety and traffic engineering department of the club, revealed experiments in the use of colored highway markers are being carried on in Washington, D. C.

"At Washington circle in the northwestern section of the nation's capital," he said, "Federal highway markers are posted in brilliant colors: blue, green, yellow and red.

"Purpose of the different hues is to point out the direction of each road or highway. All roads marked with yellow signs lead west; those marked with blue indicate that the motorist is heading north; green means you're driving east; a red sign shows that you're traveling south."

Once a motorist has mastered the color key, there will be less danger of getting lost on a federal highway. Club officials have long contended that one of the major headaches in driving through large cities is acocunted for by direction changes, lack of geometric proportion in street layouts, improvised detours and inadequate marking.

# Lessons In . . . . English

by W. L. GORDON

**Words Often Misused**

The words "virtue" and virtuosity" are not synonymous. "Virtue" means moral goodness, merit. "Virtuosity" means great technical skill in the practice of the fine arts, especially in music.

Do not say, "You hadn't ought to do that." Say, "You ought not to do that."

Do not say, "Each of you are allowed two pieces." Say, "Each of you is allowed two pieces."

Do not say, "She said to tell you about this." Say, "She said I should tell you about this."

Do not say, "During his illness he was careful to stay inside of the house." Omit of.

Distinguish between "irresponsible" and "not responsible for." "Irresponsible" means having no sense of responsibility. "He was irresponsible in that he failed to pay his debts." "I am not responsible for debts contracted by you."

**Words Often Mispronounced**

Pious and impious. Pronounce the i in pious as in pie. Pronounce the second i in impious as in pit, and accent first syllable.

Hirohito (Japanese emperor). Preferred pronunciation is he-ro-he-to, both e's as in he, both o's as in no, accent both first and third syllables.

Inquiry. Pronounce second i as in kite, and accent second syllable.

When using "worsted" to mean defeated, pronounce it wur-sted. When using "worsted" to apply to yarn or a fabric, pronounce it woo-sted, oo as in look.

Risque. Pronounce as though spelled riss-kay, with accent on second syllable; not as risky.

Therapeutic. Pronounce ther-a-pu-tik, e as in bet, a unstressed, u as in use, accent third syllable.

**Words Often Misspelled**

Hara-kiri (the Japanese type of suicide); not hari-kari, sometimes seen. Hoard (a collection or accumulation); horde (a crowd or rabble). Material pertaining to matter); material (supplies; equipment). Mutual (common; joint), observe the al; parimutuel (used in racetrack betting), observe the el. Cocaine; observe the vowels. Variegated; observe th vowels.

**Word Study**

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Emulator; one who strives to equal or surpass. "He is an emulator of the masters."

Attenuate; to make thin or slender. "When stretched, a rubber band becomes attenuated."

Elation; a lifting of the mind or mood by success or hope of success. "Their elation over their victory was spontaneous."

Refractory; obstinate; perverse. "The teacher knew that the refractory nature of some students was duet to unpleasant family relations."

"You Could Never Without a Telephone"
by Ann Loeb
When Ann wrote this fine, third-grade theme in Shabbona school, Ottawa, Illinois, she had no idea her father, Andrew, would send it to Illinois Bell. Not a word has been changed. Ann drew the pictures later at our request.
"The telephone is used in sending many different messages. Here are some of them:

"It helps report fires, floods and that people have fallen into deep water and need a doctor very quickly."

"Children use the telephone by inviting other people to parties or other children to come over and play, and it is used in telling each other new news."

"Housewives use it for calling the grocery store for orders."

"Fathers use it in business."
"The telephone was invented by Alexander Graham Bell. It was born June 2, 1875. . . . You could never without a telephone—and use manners if you are listening or talking. . . . The telephone is one of our great friends today so take care of it. . . . The End."
